

Accessing WebAdvisor From Within MyMount

All WebAdvisor functionality for students has been moved to the MyMount portal at <https://mymount.msvu.ca/students>. After logging into the site you will notice a drop down list on the right hand side of the MyMount student home page labeled "I want to...". In this drop down list you will see the following WebAdvisor functions:

- Change my address
- Drop classes
- Manage my waitlist
- Pay my tuition
- Register for classes
- Search for classes
- View my academic transcript
- View my account statement
- View my account summary by term
- View my class schedule
- View my grades
- View my preferred list
- View my profile on record
- View my T2202A

After you click any of these headings you must then click the green go arrow next to the list box. All of this functionality is handled in exactly the same way as it was in WebAdvisor and only cosmetic changes have been made.
