*Policy & Procedures for the Appointment of  
Thesis Supervisors and Thesis Committees*

***Thesis Supervisor***

Prior to registering in the thesis course, students must have an approved thesis supervisor. The thesis supervisor will guide, direct and supervise the development of the thesis proposal, supervise the research and provide feedback on the written thesis.

- Normally to be appointed as a thesis supervisor a faculty member must have a Ph.D. or masters degree requiring a thesis or equivalent research experience and have served as a thesis committee member.
- The student in consultation with her academic advisor should discuss her proposed research with an identified faculty member (Note: In some programs students are directed to potential identified supervisors during the admissions process). If the faculty member agrees to supervise the research, the faculty member will submit the *Appointment of Thesis Supervisor Approval Form* signifying agreement to act as thesis supervisor to the Department/Graduate Program Co-ordinator. This form will also be signed by the student.
- The Department/Program Graduate Studies Committee will approve the appointment of the supervisor.
- The Graduate Program Coordinator will sign the form indicating approval of appointment of the supervisor and forward to the Dean of Graduate Studies.
- The appointment will be confirmed by the Dean and the completed form copied to the supervisor, the student and the Graduate Program Coordinator (to be placed in the student's file).
- If a thesis supervisor is away from campus for more than three months and unable to continue supervision, an acting supervisor may be appointed with the approval of the Program Graduate Studies Committee and the Dean. A new *Appointment of Thesis Supervisor Approval Form* must be completed.

***Thesis Committee***

- The Supervisor (or potential supervisor) in consultation with the student will recommend at least one other member of the supervisory committee to the Graduate Program Coordinator who will forward the recommendation to the Dean of Graduate Studies.
- A copy of the form, signed by the Dean of Graduate Studies, will be sent to the Thesis Supervisor, Committee members, the Graduate Program Coordinator and the student.
- Changes to thesis committees must be approved by the Graduate Program Committee who will forward the recommendation in writing to the Dean of Graduate Studies. The Dean will approve recommendations for changes in writing to the supervisor and members, copied to the Graduate Program Coordinator and the student.
- The recommendation for the supervisor and other members of the supervisory committee can be sent forward concurrently to the Dean.
