

Chemical Institute of Canada

ARE COWS MORE TRUSTWORTHY THAN CHEMISTS?

*Join the Mount's Chemistry Department
for a free public lecture with:*

Dr. Joe Schwarcz

Director, McGill University Office for Science and Society

Friday, September 23

7:00 – 8:00 p.m.* Rosaria Student Centre (MPR)

Mount Saint Vincent University

**Note: Reception and refreshments to follow*

A story in *Time* magazine about the relative merits of conventional and organic produce featured a curious quote from a professor of nutrition educated at Columbia University. When asked if she preferred butter or margarine, she replied “**I would rather trust a cow than a chemist.**” It’s time to stem the rising tide of chemophobia.
