Halifax-based researchers achieve major milestone in groundbreaking Alzheimer's research

As part of a powerful partnership of Halifax universities, Mount professor Dr. Jan Pollie has been helping build and fine-tune a compound to detect Alzheimer's disease in living patients.

Lead NASA engineer Dr. Renee Horton to speak at the Mount

Dr. Horton will share the story of her pursuit of a passion, from once dropping out of college to later becoming lead engineer for NASA's Michoud Assembly Facility in New Orleans. All are welcome.

10 things we learned at TEDxMSVU 2016

Get inspired by these quotes from the speakers who took to the stage at this year’s TEDxMSVU.

The power of kindness: Caritas Day 2016

In 1951, a fire destroyed Mount Saint Vincent College, and the surrounding community responded with an outpouring of support. Since then, each January, the Mount has set aside a day to give back.
