

# Applied Human Nutrition Planning Sheet

- Use the table below to plan your course selections for the fall and winter semesters.
- Refer to the Core Group List for Arts and Science electives
- Select your specific courses from the "Courses Open to First Year Students" list
- Remember that a course could be offered a number of different times in different time slots, so students in the same program often have very different class schedules.
- Transfer students must take NUTR 1106 in the fall so they can take NUTR 2211 in the winter semester.

FALL SEMESTER	WINTER SEMESTER
<ol style="list-style-type: none"> <li>1. NUTR 1102 Foods I, plus lab (NUTR 102L)</li> <li>2. NUTR 1010 Introduction to the Profession OR NUTR 1106* Introduction to Nutrition</li> <li>3. CHEM 1011 General Chemistry I, plus lab (CHEM 111L)</li> <li>4. Arts or Science elective: _____ (An elective is an optional course not required for your program of study. Refer to Core Group List for Arts and Science electives)</li> <li>5. BUSI, THMT, ECON: _____</li> </ol> <p>* Transfer students must take NUTR 1106 in fall to be eligible to take NUTR 2211 in winter</p> <p>Back-up choices: _____ _____</p>	<ol style="list-style-type: none"> <li>1. NUTR 1103 Foods II, plus lab (NUTR 103L)</li> <li>2. NUTR 1106 Introduction to Nutrition or NUTR 1010 Introduction to the Profession (whichever course you did not take in the fall)</li> <li>3. CHEM 1012 General Chemistry II, plus lab (CHEM 112L)</li> <li>4. Arts or Science elective*: _____</li> <li>5. Arts or Science elective: _____</li> </ol> <p>* Transfer students must take NUTR 2211 (in lieu of an Arts or Science Elective) in the winter semester to allow you to have pre-requisites for 3000 level courses.</p> <p>Back-up choices: _____ _____</p>
