- Use the table below to plan your course selections for the fall and winter semesters.
- Refer to the chart on pg. 2 for a list of Science and Arts disciplines (groups A, B & C), and professional studies disciplines.
- Select your specific courses from the "Courses Open to First Year Students" list starting on pg. 13.
- Remember that a course could be offered a number of different times in different time slots, so students in the same program often have very different class schedules.
