The Technology fee is assessed on all courses and the revenue generated from it is being used to ensure ongoing revitalization of technology being used by students at MSVU.

The **Students' Union fee** is approved through the Students' Union and is mandatory for all students. It consists of the regular Students' Union fee of \$20.81 per course and \$1.90 per course for membership in the

Canadian Federation of Students. The **Students' Union orientation fee** is approved through the Students' Union and is mandatory for all new students who are full-time (3 courses or more in fall term). It helps to defray costs of orientation activities.

In a joint initiative between the students and the University, the **Refugee Student Program** fee helps to sponsor refugees to attend MSVU.

Normally all full-time students will be charged a **U-PASS fee** and receive a U-PASS which allows them unlimited use of the Metro Transit services throughout the academic year. Because of the move to online course delivery, the program may not proceed at least for the fall term. A decision will be made before the end of August.

Students' Union medical and dental plans are mandatory for all full-time on-campus Canadian undergraduate students unless the student can provide proof of alternative medical coverage to the Students' Union **no later than September 16, 2020**. There is no opt-in process for graduate or other ineligible students.

The **International Student medical** applies to all international students unless proof of valid MSI coverage is presented to Financial Services or unless the student is not studying in Canada and has opted out of the Plan **no later than September 16, 2020**. In the event that the student is covered by MSI, is studying in Canada, and opts out of the international coverage, the Students' Union Health Plan will be assessed, if applicable and the opt out rules of that Plan will apply. **International student differential** fees apply to all international students, except those obtaining landed immigrant status by the start of the term.

Please note that you may encounter other modest fees at the time of registration or when you attend classes. A few courses involve materials or special accreditation charges. You may also incur other incidental costs. These fees are primarily based on usage.

Dropping or Switching Between Courses

Be sure that you are aware of the refund schedule as set out in the Money Matters section of our website at www.msvu.ca, prior to dropping courses, as your refund will be based on the date of **formal** withdrawal (in writing to the Registrar's Office or via myMount, the University's online registration system).
