

**Testimonials from recipients of 2023-2024 FLS bursaries  
Mount Saint Vincent University**

I'm Megan Ellis, I am in my third year at the Mount studying French. I plan on entering the Bachelor of Education program once I complete my undergrad and this bursary has really helped me believe my goal can be accomplished. Receiving the FLS bursary relieved a lot of stress about my financial situation and has really helped me focus on my studies. I am extremely grateful for this opportunity.

My name is Marlee McQuillan, I am a fourth-year student here at the Mount where I am completing a Minor in French studies along with my Major in Sciences. For as long as I can remember I have been practicing French through the early immersion program and am happy to have the opportunity to pursue French courses throughout my undergrad. Receiving the FLS bursary is an amazing opportunity to further French studies here at MSVU. This bursary has not only helped me financially, but it has been very rewarding to have my passion for French recognized. Not to mention the FLS bursary is a great way to promote education in the French language at the Mount. I would highly recommend students enrolled in French courses to apply.

Being awarded the FLS Bursary for 2023-2024 school year has helped me financially in so many ways. I went most of the summer worrying about how I was going to afford my French courses this year as I did not qualify for a Student Loan and this Bursary took my worries away! Now I am back at school and four French courses away from pursuing my Bachelor of Education Degree to become a French teacher in the future! It has lifted a weight off my chest, and I am forever grateful as I am not sure if I would even have been in attendance this school year without the Bursary.

Thank you (merci beaucoup) for awarding me this wonderful Bursary.
