1. The University hereby gives notice that while the information contained in this Calendar is considered accurate at the time of its preparation, changes may be made subsequent to publication without prior notice.
2. In the interpretation of academic regulations, the Senate is the final authority.
3. Although advice is readily available on request, the responsibility of selecting the appropriate courses for graduation must ultimately rest with the student.
4. Not all courses listed in the Calendar are offered each year. Students are advised to check the timetable, which is available online via msvu.ca/myMount, for course availability.
5. The academic calendar year begins on September 1 and extends through the following August 31 in any given year. Students who begin study at any point within this period are governed by the regulations in the Calendar which came into effect on the previous September 1.
6. Notwithstanding any other provision of the Calendar, it is expressly understood by all students that Mount Saint Vincent University accepts no responsibility to provide any course of instruction, program or class, residential or other services including the normal range of academic, residential and/or other services in circumstances of utility interruptions, fire, flood, strikes, work stoppages, labour disputes, war, insurrection, the operation of law or acts of God or any other cause (whether similar or dissimilar to those -enumerated) which reasonably prevent their provision.
7. The official academic calendar is the PDF version found online at msvu.ca/calendars. This Calendar contains all Senate approved material up to and including May 5, 2014.

1 - General Information

1.1 Introduction

Welcome to the Mount Saint Vincent University Graduate Calendar. This Calendar is a comprehensive guide to all graduate programs and courses. For information on undergraduate programs and courses including the Bachelor of Education degree, please consult the Mount Saint Vincent University Undergraduate Calendar.

The Calendar also serves as a record of university academic policies and procedures. It is the responsibility of all students to familiarize themselves with the university's academic regulations and policies in general, and those which apply specifically to their program of study.

The University offers graduate programs in:

- Applied Human Nutrition
- Child and Youth Study
- Education
- Family Studies and Gerontology
- Public Relations
- Women and Gender Studies

The University confers degrees of:

- Master of Applied Human Nutrition
- Master of Science in Applied Human Nutrition
- Master of Arts in Child and Youth Study
- Master of Arts in Education
- Master of Education
- Master of Arts in Family Studies and Gerontology
- Master of Arts in Communication
- Master of Public Relations
- Master of Arts in School Psychology
- Master of Arts in Women and Gender Studies (awarded jointly with Saint Mary's University)
- Research Master of Arts
- PhD in Educational Studies

Students already holding a degree may be interested in the Bachelor of Education degree which is described in section 4 of the Undergraduate Calendar.

1.2 Glossary of Terms

Academic Advisor

A faculty member who will help you plan your program and select your courses.

Academic Appeals Procedures

An orderly opportunity for students to question interim grades, final grades and other academic decisions related to their coursework.

Academic Offences

Plagiarism, cheating and any misrepresentations related to your academic work.

Alumna

A former student or graduate of the University; plural is alumnae.

Application to Graduate Form

Students must complete this form when enrolling in their final session of coursework. The form indicates when you intend to graduate (either Spring or Fall Convocation), the program you are completing and the name wanted on the parchment. The Application to Graduate form is available at the Registrar's Office, Deans' Office, the Assisi Information Desk and online at msvu.ca/regofficeforms.

Authorized External Course (AEC)

Previously called "letter of permission". An official document granting prior approval to take a course from another university for credit at the Mount. Forms are available online at msvu.ca/regofficeforms.

Bursary

A monetary grant based on demonstrated financial need.

Calendar (Undergraduate and Graduate)

An annual publication listing key dates in the academic year, admissions requirements, program requirements, rules and regulations and courses. Course information changes from year to year but the degree requirements described in the Calendar in the year of your admission to the degree remain in force as you complete your program. Available for pick up in the Registrar's Office, Deans' Offices, Distance Learning and Continuing Education and Assisi Information Desk. The Graduate Calendar is available online at msvu.ca/calendars.

Course Change Form

The form must be completed if registration changes (adding/dropping courses) are made, including section changes, and submitted to the Registrar's Office. See Academic Course Add/Drop Dates on page 6.

Cross-listed Course

A cross-listed course can be offered entirely at the graduate level or at both the graduate and undergraduate levels and carries all department or level names. If the courses are graduate courses, the courses are listed on the transcript (e.g., GCRD 6325/GLIT 6732). If a graduate course is cross-listed with an undergraduate course, only the graduate course is listed on the transcript (e.g., a graduate student who completes GAHN 6414/NUTR 4414 will have GAHN 6414 listed on the transcript).

Data Form

Upon admission, each graduate student receives a data form which lists individual data, degree requirements and anticipated completion date. Any departures from the courses listed on the data form must be approved by the Program Coordinator. Copies are kept and updated by the department and the Registrar's Office.

Dean

The head of a faculty within the University. At the Mount, we have a Dean of the Faculty of Arts and Science, a Dean of the Faculty of Professional Studies, a Dean of the Faculty of Education, and a Dean of Graduate Studies.

DEF

A course notation meaning Deferred, given through the Registrar's Office in exceptional cases when a student is unable to complete course requirements due to medical or other reasons during the time frame provided for completing an INC (Incomplete) grade.

Degree Requirements

Listed in the Calendar and outlined on graduate program data forms, degree requirements outline the courses needed to complete the degree.

Elective

An optional course or subject not required for your particular program of study.

Exam Conflict

An exam conflict might be: overlapping exam times, a work commitment that cannot be changed, or scheduled to write three exams in three consecutive writing times. An Exam Conflict form must be completed and submitted to the Registrar's Office prior to the deadline.

Exam Schedule (When) and Seating Plan (Where)

The exam schedule tells when an exam will be written. A detailed schedule listing each course, the date and time for the exam is posted outside the Registrar's Office and the Seton Auditorium and online at msvu.ca in October and February. The seating plan is posted outside the Registrar's Office, the Seton Auditorium and online at msvu.ca

F*

A course notation meaning Failure resulting from an academic offence.

Fair Treatment/Employment Equity Advisor

An advisor who provides information and assistance, including mediation, of complaints under the Fair Treatment Policy, on behalf of students, faculty and staff. Awareness raising and training sessions are provided by the Advisor. The Advisor also coordinates the Mount's Employment Equity Program. The Advisor can be reached at (902) 457-6242.

Fees

Fees are the costs associated with various aspects of attendance at the University. See section 3.2 Fees and Financial Policies on page 33.

Full-time Students

Full-time students are enrolled in 3.0 or more units during the September to August graduate academic year. Graduate students enrolled in the Thesis or Thesis Continuation are considered full-time students.

Grade Point Average (GPA)

The total of grade points averaged over the number of units contributing points of 0.0 and greater. Final grades with "neutral" points do not effect GPA. GPA, also called cumulative GPA, is based on all coursework completed from September 1996 onward.

Grade Points

The value (ranging from 0.0 to 4.3) given to each final grade (e.g., A+= 4.3, F = 0.0).

Grade Report

Available at the end of each academic term/session, a grade report lists the courses taken during the term and the grades earned, including withdrawals and failures. Any fees owing to the University for the term/session must be paid in full before receiving grade reports or to view grades through myMount.

Graduate Student

A student enrolled in a graduate program.

INC

A course notation meaning Incomplete, given instead of a grade when an arrangement exists between the professor and the student indicating requirements for the course shall be completed by a predetermined date or when a final exam or other course requirements have not been completed due to medical reasons. If these arrangements are not completed in the specified time, the INC notation shall be changed to F (failure).

IP

A course notation meaning In Progress. A final grade notation of IP is given in seminars, independent and directed studies at the graduate level, students must complete the required work within four months of the month the notation is given in lieu of the final grade. See section 2.2.11 Thesis Requirement on page 21.

Laboratory

Regularly scheduled meeting times in addition to lecture times for many courses in the timetable. Lab times are published in the timetable and when registering for a course students are required to sign up for a lab time.

Local Address

If a student's address changes while attending the university, the Registrar's Office must be notified. Failure to do so could result in not receiving correspondence and other important information.

Moodle

Moodle (Modular Object Oriented Dynamic Learning Environment) is a course management system used by the University. Faculty may use Moodle to distribute course notes, communicate with students, set and grade quizzes, create assignments, discussions, and much more.

myMount

myMount allows Mount students to access the Registration Centre, Moodle and E-Mail along with student specific news, events and information both on and off campus, through a secure environment.

Non-degree

A student enrolled in coursework but not working towards a specific degree program.

NXM

A course notation given in full-time courses for which no December grades are given.

Orientation

A program providing academic and social information to introduce new students to the University environment.

Part-time Students

Part-time students are enrolled in 2.5 or fewer units during the September to August graduate academic year.

Permanent Address and “Other” Addresses

Students must notify the Registrar's Office of any changes to the permanent address in order to receive correspondence and other important information. Change of address for Christmas, summer vacations or co-op work terms should also be given.

Prerequisite

A course or combination of courses that must be completed before registration in another course is permitted. Students registering in courses do so on the understanding that they will meet/complete course prerequisites. Failure to do so could result in deregistration and academic and/or financial penalty.

Program

A basic plan of study or coursework in a specific field; also called a curriculum.

Resident Assistant

A full-time undergraduate student whose major function includes interpreting and enforcing policy to students living in residence.

Scholarship

A monetary award based on academic achievement.

Sexual Harassment Advisor

An advisor who provides information and assistance, including mediation, of complaints of sexual harassment under the Fair Treatment Policy, on behalf of students, faculty and staff. The Advisor also coordinates the Mount's Employment Equity Program. The Advisor can be reached at (902) 457-6242.

Student Judicial System

A student judicial system for non-academic infractions is in effect. The definitions of misconduct include, among others: conduct which threatens or endangers the health and safety of any member of the University community on or off campus; use of abusive or obscene language or gestures at any university sponsored functions or operations; obstruction or disruption of any university or Students' Union sponsored function; failure to comply with the instructions of university or Students' Union officials acting in the performance of their authorized duties; and violation of any law of Canada.

A copy of the student judicial code is available from the Secretary of Senate, the Office of Student Experience, and the Students' Union.

Student Identification Card

The Student Identification Card has your picture and other personal identification information on it. These are produced by the Library. Student ID cards are needed to use the Library, Computer Labs, to display when writing exams and to participate in many student and other activities on campus and in the metro area.

Term Grade Point Average (TGPA)

The grade point average achieved at the end of each academic term, calculated on the final grades for each academic term.

Thesis Supervisor

The faculty member responsible for guiding and supervising an individual student's thesis research and the development of the written thesis.

Timetable

The timetable lists all the courses and labs offered for the academic year or session—includes course ID, course number, name, time, classroom location and faculty for each course and lab offered. The timetable is available online via myMount at msvu.ca.

Transcript

An official document prepared by the Registrar's Office recording the entire academic history of a student. The Transcript Request form can be found online at msvu.ca/regofficeforms. Transcripts can be requested in writing to the Registrar's Office. See section 2.2.5 Transcripts on page 18.

Transfer Credits

May be granted to students who attended another university before being admitted to the Mount. Transfer credits are courses taken at the other university and counted toward the program here. See section 2.1.7 Admission Requirements for Transfer Students on page 16.

Tuition Structure

Tuition fees are assessed on a per 1.0 unit course cost. The number of units of credit which a student is taking will drive the tuition calculation.

Undergraduate

A student who is working toward a first credential.

Visiting Students

Students from other universities taking coursework at Mount Saint Vincent University with formal approval from their home university.

W

A course notation meaning withdrawal without academic penalty.

WebAdvisor

WebAdvisor allows prospective students to search the class timetable.

WF

A course notation meaning withdrawal with academic penalty; deadline driven.

WP

A course notation meaning withdrawal after the deadline without academic penalty; deadline driven.

2.1 Admissions

Address all applications and inquiries concerning admissions to graduate programs to:

Admissions Office
Mount Saint Vincent University
166 Bedford Highway
Halifax, Nova Scotia
B3M 2J6

Phone: (902) 457-6117
Fax: (902) 457-6498
E-mail: admissions@msvu.ca

Application forms are available from the Admissions Office and online at msvu.ca/applyonline and must be returned to the Admissions Office when completed. Two letters of reference (three for School Psychology and Women and Gender Studies), a statement of intent, a résumé and one copy of each official transcript of post-secondary study are required.

Applications are reviewed and recommendations on admissions are made by the program to which the student is applying. Applicants may be requested to attend an interview. The Admissions Office informs the student of the decision on admission.

Students must meet the specific admission requirements for the program to which they are applying. Admission is on a competitive basis. Any student may be refused admission if available spaces are filled by students more qualified. The University also reserves the right to refuse admission to any student for other than scholastic reasons. The University may also consider on an individual basis any student who does not meet the formal admission requirements.

Note: All documentation must be submitted in English. If the original document is not available in English, the document must be translated by a certified or approved translator prior to submission. The translated document and the original or certified copy of the original document must be submitted to the Admissions Office.

2.1.1 Application Fee

A non-refundable application fee of \$50 CDN for Graduate Studies must accompany the application form and only application forms accompanied by the fee will be processed.

Note: All application dossiers must be complete by the dates listed above. It is the applicant's responsibility to ensure the dossier materials are sent in support of the application. Late applications may be considered only if there is space available.

2.1.3 Deferral of Admission

Once an offer of admission is accepted, students with bona fide reasons may apply to defer admission for up to 12 months. Applications for deferrals must be submitted in writing to the Dean of Graduate Studies, Chair of the Graduate Studies Program & Policy Committee, prior to registering in a course. The Dean will request a recommendation from the Department/Program. Students granted such deferrals must confirm their intention to register in the subsequent academic year by the closing date of application for the program.

2.1.4 Language Proficiency

If an applicant's first language is not English, official reports with acceptable scores from the Michigan English Language Assessment Battery (MELAB), the Test of English as a Foreign Language (TOEFL), the CanTest, the International English Language Training Systems (IELTS) or the Canadian Academic English Language Test (CAEL) must

be submitted. Applicants who do not verify their ability to undertake studies in English by submitting such test scores will not be offered admission.

Applicants who meet our admission requirements but whose English skills do not meet language requirements are referred to one of the several language schools in Halifax for assessment.

The following table indicates the English language requirements for international student admission to the Mount:

Test	Score	Admission
TOEFL (Written Test)		
	580 or higher	Full-time at the Mount
	576-579	Graduate Preparatory Program
	550-575	Mount Bridging Program with one university level course
	Less than 550	Referral to language schools
TOEFL (Computer Test)		
	237 or higher	Full-time at the Mount
	226-236	Graduate Preparatory Program
	214-225	Mount Bridging Program with one university level course
	Less than 214	Referral to language schools
TOEFL (iBT Test)		
	93 or higher (No individual score below 33)	Full-time at the Mount
	84-92 (No individual score below 30)	Graduate Preparatory Program
	81-83	Mount Bridging Program with one university level course
	Less than 81	Referral to language schools
IELTS		
	7.0 or higher (No individual score below 6.5)	Full-time at the Mount
	6.5 (No individual score below 6.0)	Graduate Preparatory Program
	6.0 (No individual score below 5.5)	Mount Bridging Program with one university level course
	Less than 6.0	Referral to language schools
CanTest		
	4.5 (No individual score below 4.0)	Full-time at the Mount
	4.0 (No individual score below 3.5)	Graduate Preparatory Program
	Less than 4.0	Referral to language schools

MELAB		
	85 or higher	Full-time at the Mount
	80-84	Graduate Preparatory Program
	76-80	Mount Bridging Program with one university level course
	Less than 76	Referral to language schools
CAEL		
	70 or higher (No individual score below 70)	Full-time at the Mount
	60	Graduate Preparatory Program OR Mount Bridging Program with one university level course
	Less than 60	Referral to language schools

Graduate Preparatory Program

Students conditionally admitted to a graduate program of study, who have an IELTS score between 6.5 and 6.9 or the equivalent, will be required to successfully complete the Graduate Preparatory Program (GPP). The GPP is designed to ensure that incoming graduate students have a high level of English language proficiency and a strong orientation to Canadian academic culture. The GPP consists of an intensive semester-long 15 hour/week program offered by the International Education Centre (IEC) and an undergraduate academic course. The course is determined by the Graduate Admissions Committee for the student's intended program of study and indicated on the student's data form. This course is normally taken concurrently with the IEC program.

In order to successfully complete the GPP, students must achieve a minimum final grade of 75% in the IEC program and a minimum grade of B in the specified undergraduate academic course.

- Students who successfully complete both components of the Graduate Preparatory Program may commence their graduate program in the following semester.
- Students who fail to meet both required components will not be admitted to their graduate program.
- Students who are successful in only one component may apply to be conditionally admitted to their program of study by submitting an appeal to the Graduate Studies Program and Policy Committee.
- Students may apply for admission to a different academic program without approval from the Graduate Studies Program and Policy Committee.

2.1.5 Categories of Students

Students may enroll in graduate courses if they hold one of the following statuses:

1. *Degree graduate students.* These students are fully enrolled in a graduate program, having been admitted after following the admissions procedures detailed below.
2. *Visiting students.* These students are taking a course for transfer to another institution. They must provide written permission from the home university and must complete required forms at the Registrar's Office.
3. *Non-degree students.* These students may be admitted to graduate courses if they gain entry to the University as

non-degree students by completing the required forms at the Registrar's Office and obtaining the permission of the instructor(s). *Non-degree student status does not guarantee admission to a graduate program.* A maximum of 2.0 units taken as a non-degree student may be transferred into a graduate program. Applicants should note that courses completed as a non-degree student will not necessarily be credited toward a graduate degree.

2.1.6 Additional Admission Requirements

In addition to these general standards, individual programs have specific requirements outlined in Section 4 Departments, Programs and Course Listings of this Calendar and detailed on the Application form for Graduate Admission.

2.1.7 Admission Requirements for Transfer Students

Mount Saint Vincent University welcomes transfer students. Inquiries regarding potential transfer credits should be directed to the Registrar's Office.

Normally a maximum of 2.0 units of graduate credit may be transferred.

At the time of application, transfer applicants must submit official transcripts (sent directly from the issuing institution to the Admissions Office) from all post-secondary institutions attended regardless of whether transfer credit is expected or desired.

Transfer credits are not formally awarded to those admitted and initially registered as non-degree students. Once confirmation of admission to a credential program occurs, transfer credits are then formally awarded and recorded on the student's Graduate Program Data Form and transcript.

Continuing your Graduate Education at the Mount

The following policies are in place to enable students to continue their graduate education at the Mount. Students will not be permitted to double-count a course towards more than one graduate credential.

Transferring Credit

Students may transfer up to 2.0 units of graduate courses into a degree program at the Mount. The following rules apply:

- These transfer credits cannot have been used to complete the course requirements for another graduate degree.
- These transfer credits must have appropriate content as approved by the graduate program Coordinator. Students should consult with a program advisor prior to requesting transfer credit.
- These transfer credits must have been completed within the last five years unless approved by the graduate program Coordinator.
- Graduate students cannot claim credit for graduate courses taken as part of a concurrent registration at another institution. Please refer to the regulations regarding Authorized External Courses.

Completing another Graduate Degree

Students are welcome to complete more than one graduate degree. The following rules apply:

- Students may complete more than one graduate degree provided that the courses required for a subsequent degree(s) have not been credited towards a previously completed graduate degree and the program of study will result in a distinct credential.

- Students registering to complete a thesis-based degree after completing a non-thesis degree in the same program area must complete a Master of Arts, Master of Science or a Research Master of Arts.
- It is possible to have a previously obtained non-thesis degree rescinded and replaced by a Master of Arts or a Master of Science. In the case of a rescinded degree, courses taken for the rescinded degree may be transferred towards the new degree. Students must fulfill the requirements and meet Mount Saint Vincent University regulations for the MA or MSc. Students interested in this option must obtain approval from a program advisor or the Registrar.

2.1.8 Recognizing Prior Learning

When making admission decisions, Graduate Admission Committees may consider an applicant's prior learning and experience gained through employment or other non-curricular activity. Such consideration will be given only when the applicant has gained professional experience, and/or professional accreditation, and/or professional recognition in a field relevant to the intended program of study. Admission decisions will be based on an assessment of the applicant's potential for success in graduate study. Individual graduate programs can decide whether to recognize prior learning in admission decisions. Interested applicants should consult with the relevant graduate program coordinator.

2.1.9 Students With Disabilities

Mount Saint Vincent University accepts applications from students with disabilities and admits academically qualified applicants in accordance with the University's admission policy. Upon acceptance, students must contact the Coordinator of Disability Services as soon as possible in order to ensure they receive accommodations in a timely manner.

More information is available online at msvu.ca/disabilityservices.

2.1.10 Auditing Graduate Courses

Only students admitted to graduate studies at the University may audit courses. Audited courses are not eligible for credit. Audit students may attend all class meetings. Students may not write test, examinations or submit other forms of work for evaluation unless explicitly permitted by the instructor. Audit fees are one half of the credit fees. Formal application and registration must be completed prior to attending any course. Approval to audit a graduate course, signed by the course instructor, must be presented at the time of registration. Application and registration forms can be found online at msvu.ca/regofficeforms. Please refer to the Academic Course Add/Drop Dates for registration deadlines.

2.2 Regulations (General)

2.2.1 Registration

See *Academic Course Add/Drop Dates and Important Dates in the University Year* on pages 6 and 7 for current registration dates.

Students formally admitted to the University must complete all registration procedures in order to be considered officially registered at the University. Information packets can be obtained from the Registrar's Office by all students eligible to register.

To be officially registered, students must:

1. have been formally admitted to the University;
2. have met the necessary financial obligations: if newly admitted, paid the required confirmation deposit; or, if previously registered, have cleared all outstanding financial obligations;
3. have obtained the required approvals for proposed coursework and submitted a completed Course Change form or via myMount. Distance learning students must have formally completed distance learning registration procedures.

Note: Students obtaining course approvals do so on the understanding that prerequisites will be met prior to the beginning of the course. Prerequisites are listed in the Calendar description of each course offered. Failure to meet prerequisites may result in dismissal from the course.

4. as a part of the registration process, students must also open a financial account with Financial Services for the proposed period of study.

Once formal registration has been completed, enrolment records are established for each student by the Registrar. It is then the student's responsibility to ensure the enrolment record is maintained accurately and updated to reflect any changes (including the decision not to begin courses or to stop attending courses) as outlined below.

Note: Changes in personal status, address, e-mail, telephone number and so forth must be reported directly to the Registrar's Office either in person, in writing or online through myMount. Changes in a student's records are made only upon the written request of the student. Appropriate forms are available from the Registrar's Office or online for convenience. Alternatively, students may submit changes by letter or by FAX to (902) 457-6498. All correspondence must include the student's Mount Saint Vincent University identification number to ensure accurate recording.

Maintaining Registration in Graduate Programs

Students in all graduate programs must register in a minimum of 1.0 unit in each academic calendar year (September to August) to maintain registration in the program and to remain in good standing as a graduate student.

Students who do not maintain registration for one academic year will be deemed to have withdrawn from the program.

Students who have not registered in coursework for more than one but less than two complete academic calendar years must apply to the Registrar's Office to request reactivation of their status. Graduate students requesting reactivation must pay the reactivation fee, equivalent to the application fee for graduate programs, and have their file reviewed by the

Registrar's Office and the program. Permission to reactivate is dependent upon the approval of both the Registrar's Office and the program. Students may be required to provide additional information.

Students who have not registered for coursework for two or more complete academic calendar years will be required to submit an entire new application package to the Admissions Office. Students should contact an Admissions Officer for information prior to submitting an application.

Leaves of Absence

Please see 2.2.11 Time Limit for Program Completion.

Change in Course Registration

Students may change their registration in courses during the first week of each semester only. An instructor is not obligated to accept a student into a class after the first full week of classes has passed. In order to make such a change, students obtain a Course Change form (add/drop form) from the Registrar or Deans' Offices and write the course number being deleted and the number of the course being added, before returning the form to the Registrar's Office or make the changes online through myMount. It is the students' responsibility to keep their registration records accurate and up to date through the submission of Course Change (add/drop) forms. Alternately, students may submit changes by letter, FAX or email. Only changes made in writing or on myMount will be recorded. Distance Learning students must complete Distance Learning procedures or inform the Registrar's Office in writing. The effective change date is the date the form is received and date stamped in the Registrar's Office.

Withdrawal

Once students are registered in courses, their names are part of the official enrolment record and grades will be assigned.

Students wishing to withdraw from courses must withdraw in writing. The responsibility for initiating withdrawal rests with the student. Ceasing to attend classes or advising the course instructor of intended withdrawal is not sufficient to register a formal withdrawal.

Withdrawal from a course is done by submitting a Course Change (add/drop) form, or letter (containing all the relevant information) to the Registrar. Distance Learning students must complete Distance Learning procedures or inform the Registrar's Office in writing. The official date of withdrawal is the date the form or letter is received and date stamped in the Registrar's Office.

Please refer to the Academic Course Add/Drop Dates on page 6.

Students who withdraw from a course after these dates or who do not complete the course requirements will automatically receive failures. Consideration will be given by the appropriate Dean to students who are forced to withdraw past the deadlines due to exceptional circumstances. See regulations governing "WP" grades on page 19.

2.2.2 Authorized External Courses and Concurrent Registration

Students enrolled at Mount Saint Vincent University and wishing to take courses at other institutions for credit must obtain formal approval on an Authorized External Course (AEC) form prior to registering at the host institution.

Authorized External Courses may be approved providing the following conditions are met:

1. Students must be registered in courses at the Mount; exceptional cases will be considered on an individual basis;
2. Student is in good academic standing and has successfully completed 3.0 units of coursework at the Mount;
3. Student has not exceeded the allowable number of transfer credits of 50 percent of any graduate credential;
4. Course at the host institution is acceptable for transfer to the student's academic program.

The following are conditions under which AEC requests are not normally granted:

- student is not registered in a diploma, certificate or degree program at the Mount;
- credit does not meet program and/or major requirements at the Mount;
- student is not in good academic standing at the Mount;
- Student has been academically dismissed from the Mount;
- credit was taken at another institution without prior approval of the AEC;
- course is offered at the Mount during the session being requested except in the following situations:
 - schedule conflict that cannot be resolved;
 - course at the Mount is full;
 - course at the Mount is not offered through Distance Learning;
 - taking the course at the Mount would cause undue hardship.

A grade of "P" (pass) will be assigned to all AEC credits, except for credits taken while in an approved formal exchange program, which may transfer in an alpha format and will be considered in the Mount's GPA based on program requirements. If the host institution's grading scheme is in numeric format, marks will transfer in as "P," which holds a neutral GPA value.

Note: Upon approval of the AEC by the Registrar's Office, the course is added to the student's academic transcript. If the student does not take the course she/he must submit, to the Registrar's Office, written proof from the host institution that the course was not taken in order for the course to be removed from the transcript.

Students with questions or concerns about Authorized External Courses may contact the Registrar's Office at registration@msvu.ca.

Visiting Students

Ordinarily, no student may register at Mount Saint Vincent University if concurrently registered at another educational institution without the explicit approval of the home university.

Students from other institutions who want to register in Mount Saint Vincent University courses for credit at "home" must obtain the appropriate approval form from their "home" institution and present the form when registering at the Mount. Students with an approval form from the home institution are not required to formally apply for admissions at Mount Saint Vincent University. Students must complete the Visiting Student Application/Registration form, which can be found online at msvu.ca/regofficeforms.

Students with questions or concerns about becoming a visiting student at Mount Saint Vincent University may contact the Registrar's Office at registration@msvu.ca.

2.2.3 Minimum Institutional Credit Requirement

Normally, students may take a maximum of 2.0 units of coursework as authorized external courses or transfer in a maximum of 2.0 units of coursework toward a Mount Saint Vincent University masters degree.

2.2.4 Class Attendance

Regular attendance is expected of students at all classes. In general, the responsibility for meeting this obligation rests with students, even where it is not specifically stated in the course outline. Students may not register for courses where the scheduled times overlap in any way on any day. Where such a case is found, the student will be assigned a failing grade in the courses with overlapping times.

It is the prerogative of the instructor to determine when a student's scholastic standing in any course is being affected adversely by absence. The instructor then, in consultation with the appropriate Dean, will determine whether or not the student should be dismissed from the course.

It is the student's responsibility to notify the instructor of any justifiable reason that causes an absence from class.

Resumption Following a Labour Disruption

Should a strike or lockout occur during an academic session, classes and examinations may be rescheduled following the conclusion of the labour disruption.

2.2.5 Transcripts

A student's transcript is the record of academic work undertaken and results obtained while at the Mount. Transcript copies are prepared and released upon the written request of students in good financial standing with the University. Telephone requests cannot be accepted, but written and signed requests may be sent by FAX to (902) 457-6498 to expedite ordering. Complete and submit the Transcript Request form available online at msvu.ca/regofficeforms. Students may obtain an unofficial copy of their own transcript upon request.

2.2.6 Academic Advising

Students are encouraged to confer regularly with the graduate program Coordinator and/or their academic advisor regarding their academic plans and progress. Students completing degrees requiring a thesis should seek advice on the process early in their program.

2.2.7 Graduate Level Grading Scheme

The graduate grading system is alphabetic. Following are the grades given in graduate courses, along with the GPA points for each grade and an explanation of what the grade means:

<i>Letter Grade</i>	<i>Descriptor</i>	<i>Grade Points</i>	<i>Numerical Guidelines</i>
A+	Outstanding	4.3	94-100
A	Very Good to Excellent	4.0	87-93
A-		3.7	80-86
B+	Acceptable to Good	3.3	77-79
B		3.0	73-76
B-		2.7	70-72

C	Minimally Acceptable	2.0	60-69
P	Pass in Courses on P/F Scale	Neutral	
F	Failure	0.0	below 60
F*	Failure Resulting from Academic Offence	0.0	
NCR	This mark indicates no credit, repeat and is allowed in certain courses graded only on the Pass/Fail scale	Neutral	
NXM	This notation is given in full unit courses for which no December grades are given	Neutral	
INC	Incomplete with Deadline for Completion (Regulations and deadlines noted below)	Neutral	
IP	In Progress at End of Term (Regulations and deadlines noted below)	Neutral	
DEF	Deferral for Illness (Regulations and deadlines noted below)	Neutral	
W	Withdrawal without academic penalty (deadline driven)	Neutral	
WP	Late withdrawal without academic penalty (deadline driven) Regulations noted below	Neutral	
WF	Withdrawal with academic penalty (deadline driven)	0.0	

IP

When a final grade notation of IP is given in seminars, independent and directed studies at the graduate level, students must complete the required work within four months of the month the notation is given in lieu of a final grade. If the course is not completed within this time, the student must re-register for the course (and pay another course tuition) in order to receive credit for the course.

A grade of IP will be assigned to a thesis course or continuation that is incomplete at the end of the appropriate academic term. Please see section 2.2.11 Thesis Requirement on page 21.

INC

The notation "INC" (Incomplete) is given according to the following regulations:

- When a student is unable to complete course requirements for other than medical reasons and the faculty member agrees to a schedule for the completion of the outstanding requirements.
- When a student is unable to complete course requirements, which may or may not include a final exam, due to illness, an appropriate medical certificate must be presented to the Registrar and accepted by faculty at the time that the final examination was to have been written, or no later than the last day of classes for a course with no final examination.

Arrangements for course completion are made on an individual basis and in the case of illness, must be made as soon as the student is sufficiently recovered to complete the outstanding requirements. Normally, when sufficiently recovered, the student will be permitted to write the examination or complete the outstanding requirements on application to the Registrar.

Under no circumstances can work be accepted after the last day of the month following the end of the session in which the "Incomplete" (INC) is earned, but faculty can set an earlier deadline within that period. If these arrangements are not completed in the specified time, the INC notation shall be changed to Failure (F) unless the coursework completed to the time of receiving the INC warrants a passing grade. In such cases the faculty will assign the grade.

In exceptional cases, a grade of INC may be changed to a grade of Deferred (DEF). Please refer to the regulations governing the grade of DEF.

DEF

A notation of "DEF" (Deferred) can be given through the Registrar's Office in exceptional cases when a student is unable to complete course requirements due to medical or other reasons during the time frame provided for completing an INC grade.

Normally, in accordance with INC grade regulations, a grade of INC will be initially assigned by the faculty. **A student whose circumstances warrant a grade of DEF must submit a Petition to Request a Grade of Deferred (DEF) form to the Registrar's Office no later than 15 days prior to the expiration of the INC grade. See page 6 for exact deadlines.** The Registrar, Dean and faculty member will determine whether the petition will be granted or the grade of INC will remain.

If the petition for the DEF is granted and the student cannot or does not subsequently complete the examination or coursework, the notation of DEF remains on the transcript indefinitely. A notation of DEF that can be cleared must be cleared within six months of the date the DEF notation is made. If this is not done, the student must retake the course or a substitute to earn credit. This means another formal course registration and payment of tuition.

WP

A student who withdraws from a course due to exceptional circumstances after the withdrawal date for academic penalty may petition to the Dean for a grade of WP. If the petition is granted and the student has earned a grade of C- or above in the coursework to the point of withdrawal, a grade of WP will be recorded.

2.2.8 Examination Policy

Normally examinations are not scheduled for graduate level courses. Should an examination be scheduled the following regulations apply.

Examination Policy

1. An examination will normally be required for every course taught at the University.
2. There will be an examination period at the end of each semester during which all examinations will be written as scheduled by the Registrar's Office. Instructors may not schedule examinations outside of this examination period including the reading day.
3. The value of the examination must be at least 30 percent of the work of the semester, the exact value of each

examination to be determined by the instructor in consultation with the department.

4. An examination must never provide more than 70 percent of the total mark for a course.
5. The student must have received at least one mark and/or evaluation in each course prior to the examination period in each semester.
6. The form of the examination—oral, multiple choice, open book, essay, etc.—will be the prerogative of the instructor in consultation with the department.
7. Exemptions for giving an examination in a course are subject to departmental policy on examinations and reporting. If a course is exempt from examination, this must be stated in the course outline, and the Registrar's Office must be informed of the exemption.
8. No tests will be held nor assignments made due during the final two weeks of any academic term unless these tests and formal assignments are included on the course outline distributed at the beginning of each academic term. Examination scheduling is covered in items 2 and 7 above.

General Exam Rules for Students

1. Nothing may be taken to the student's seat except materials authorized for the examination.
2. Anything which is not authorized by the instructor or chief proctor must be left at the front of the examination room. Such items include (but are not limited to) jackets, backpacks, text books, notes and purses.
3. Unauthorized computing, data storage, and communication devices must be turned off and left at the front of the examination room.
4. In the case of open-book exams, students will be permitted to have material at their seats that has been pre-authorized by their instructor.
5. Calculators may be used at the discretion of the instructor.
6. With the exception of clear plastic water bottles with no writing on them, food and beverages are not permitted in the examination room.
7. Students are not permitted to wear brimmed hats while writing exams.
8. There will be no talking in the examination room.
9. Students must display their valid Mount Saint Vincent University Student ID Card during each exam.
10. Students may begin their exams as soon as they are seated; however, shortly after they begin their exams, a sheet will be circulated on which they must write their name beside the appropriate seat number.
11. No student may leave the examination room during the first twenty minutes of the exam. Latecomers will be admitted to the examination room only during the first twenty minutes.
12. Students requiring assistance should raise their hands and not leave their seats.
13. When students have finished their exam, they should write their row and seat number on the cover of the examination booklets, hand their exams to one of the proctors and sign the attendance sheet for their course. Students may be required to show their valid Mount Saint Vincent University Student ID Card at this time.
14. Students found communicating with one another in any way or under any pretext; having unauthorized books, papers, electronic computing devices, data storage, or communication devices in view, even if their use is not proved; or found cheating in any way will be reported by the Chief Proctor to the course instructor and the

Registrar's Office. Procedures for Academic Offenses will be followed.

15. If a student misses an examination due to illness, she/he must inform the Registrar's Office within 48 hours of the missed examination and submit a medical certificate from a physician, directly to the Registrar's Office.

Exam Conflicts

If a student has overlapping exam times, a work commitment that cannot be changed, or is scheduled to write three exams in three consecutive writing times, an exam conflict should be reported to the Registrar's Office. Documentation may be required.

2.2.9 Academic Standing

In order to remain in their graduate program of study, students must:

1. maintain a 3.0 GPA in the courses required for their degree;
2. have a grade of "C" in no more than 1.0 unit of coursework;
3. have not received grades of "F" or "F*."

If students do not meet any of these standards, they will be immediately dismissed from their graduate program. The Dean of Graduate Studies will contact all students who are academically dismissed.

Students may be considered for readmission to the same program. A detailed written request for readmission must be sent to the Dean of Graduate Studies. The Graduate Studies Program and Policy Committee will review the request and may recommend readmission after a period of up to 12 months following the term in which the student did not meet the above standards or may recommend against readmission. Normally only one re-application to the program will be considered.

2.2.10 Time Limit for Program Completion

Students must complete all program requirements towards masters degrees within five calendar years from the time of initial registration exclusive of approved leaves of absence.

Leaves of Absence

Students with bona fide reasons, such as illness or parental leave, for not registering in 1.0 unit in any academic calendar year (September to August) must apply for a leave of absence from the program by submitting a Request for Leave of Absence form, available online at msvu.ca/en/home/programsdepartments/graduatestudiesgeneralinformation, to the Dean of Graduate Studies, Chair of the Graduate Studies Program & Policy Committee, prior to the start of the semester in which the leave begins. Prior to consideration of a leave of absence request students must discuss the request with their Thesis Supervisor (if applicable) and the Graduate Program Coordinator and establish a timeline for completion of their program of study. This timeline must be included with the request for a leave of absence. Students may normally be granted a leave for twelve months only once in their program. Students on leave of absence will not be permitted access to University services such as library privileges or e-mail nor be entitled to any kind of supervision during the period of their leave.

Extensions

Students who anticipate that they will be unable to complete program requirements within the five year time period must apply before the end of their fifth year. Prior to consideration of an extension request students must discuss the request with their Thesis Supervisor (if applicable) and the Graduate Program Coordinator and establish a timeline for completion of their program of study. This timeline must be included with the request for a program extension. Normally only students completing the thesis requirement will be granted an extension.

2.2.11 Thesis Requirement

MA and MSc degrees require a thesis. The thesis should be a contribution to knowledge in the candidate's specialized area and must show familiarity with methods of research and critical enquiry. The completed work must be approved by the thesis supervisory committee. Formal approval is granted by the Dean of Graduate Studies, once the completed thesis approval forms are received. The thesis must be prepared according to the regulations required by the academic department. These are available from departments and on departmental websites. Policies and procedures governing the preparation, presentation and approval of a thesis are available on the Graduate Studies website.

Registration for Thesis

Students in programs requiring a thesis must register in the thesis course no later than one semester after the completion of their coursework and must maintain registration in the thesis by paying the thesis continuation fee on a semester by semester basis until the semester in which the thesis receives final approval. See Financial Policies (msvu.ca/Financial-Information) on the Mount website for further details.

2.2.12 Academic Appeals Procedures

There are two types of appeals. 1) Grade appeals are concerned with the fair evaluation of student work and are conducted at department level. 2) Appeals concerned with the mistaken application of University regulations, including appeals against penalties imposed for academic offenses, are considered by the Appeals Committee. The Registrar's role is to co-ordinate the appeals process. The Registrar's Office will advise students on procedural matters upon request; they do not provide advocacy services.

These procedures are in place to ensure that student appeals are dealt with in an equitable and orderly fashion. All concerns about grading should be resolved at the level nearest the student whenever possible. Students should approach their professor as soon as a concern is identified and request an informal re-assessment of the grade under consideration. It is not necessary to wait until the course is over to request consideration of a grade. Mutually agreeable settlements may be made between the professor and the student informally at any time in the process.

If students have concerns about the way a course is being managed, rather than with their own grade, they should speak to their professor or to the department Chair as early in the term as possible. The Academic Appeals policy is not intended to apply to course management issues.

A. Grade Appeals

► Stage One: Informal Grade Query and Grade Analysis

The student with a grade concern must approach the faculty member to discuss the grade. This step should be

taken within two weeks of notification of the grade, if the grade is an interim mark. Final grade queries must be initiated by the deadlines shown on page 6. The faculty member will conduct a grade analysis if requested. A grade analysis involves confirming that all grades were recorded correctly.

If still dissatisfied, the student may move to Stage 2. Stage 2 is initiated by contacting the Registrar's Office to complete the Academic Appeals form and paying the fee of \$25. The Academic Appeals form is copied to the department Chair, the Dean, and the faculty member concerned. If not carried out at Stage 1, a grade analysis is conducted before a re-read in order to ensure that any arithmetical errors are corrected.

► Stage Two: Re-read

A re-read shall involve reconsideration of the student's coursework, including the final examination, if any. It shall be the responsibility of the student to preserve all exercises, papers, reports and other graded material for the course except the final examination paper, and to submit the originals of these documents with the application for a re-read. Work not submitted, and courses or aspects of courses in which it is not possible to review the student's work, cannot be taken into consideration.

Students must initiate a re-read by the appropriate deadline listed in the table at the end of this section within two weeks of completion of Stage 1.

By initiating a re-read, the student forfeits the grade originally assigned and understands that a grade will be assigned as a result of the re-read process. Grades may go down as well as up, and the grade decision reached after a re-read is final.

A re-read will be conducted as follows:

1. The Registrar will convey the re-read request with copies of all relevant materials to the department Chair (or to the appropriate Dean if the Chair is the instructor, or if there is no Chair).
2. The re-read will be conducted by two professors designated by the department Chair or the appropriate Dean. Those conducting the re-read will be provided with copies of the course outline and marking criteria, as appropriate. Normally the professor who assigned the original grade will not re-read the work at this stage unless no other faculty with competence in the area are available. Regrading results are reported, giving the grade awarded and the basis for the decision, within three weeks of the date of the request for a re-read.
3. The department Chair will determine the result of the re-read, after consultation with the Dean, if necessary, and report the grade to be assigned in writing to the Registrar. If the department Chair and the Dean are the same person, an alternate Dean will be consulted, if necessary.
4. The Registrar will convey the result to the student, the appropriate Dean, and the faculty member and will amend the student's transcript of grades accordingly.
5. The results of a re-read are final and do not constitute grounds for further appeal.

B. Appeal of Misapplication of University Regulations by Petition to the Committee on Academic Appeals

Students who have reason to believe they have been subject to a misapplication of an academic regulation or that the imposition of academic regulations would create undue

hardship have the right to submit their case to the Committee on Academic Appeals.

A petition to the Committee on Academic Appeals must be based on solid evidence. An appeal must be initiated within three weeks of the incidence of the alleged mistaken treatment under appeal. The Committee has the right to refuse to hear cases it judges to be without substance or if the outcome of a grade appeal is the only point in dispute.

► **Procedures for This Type of Appeal**

1. Application for an appeal to the Committee must be made in the form of a signed and dated letter, accompanied by an Academic Appeal Petition form, available from the Registrar's Office. The basis of the appeal should be clearly stated in the letter of appeal and decisions will be based on this information alone. Thus, applicants must ensure that all relevant information is stated in the letter of appeal. Applicants are advised to contact the Registrar's Office for advice while collecting information for their appeal in order to ensure that all necessary information is included. Students will state in writing their specific complaint and the action already taken to seek a remedy. This written representation should be directed to the Registrar and all supporting documents must accompany it. A fee of \$25 must be paid at this stage. At this point the faculty member involved will be informed by the Registrar that a petition to the Committee has been launched.
2. The Registrar will forward any relevant material with the letter of appeal to the Chair of the Committee on Academic Appeals. The Committee has the right to dismiss a case as unfounded at this stage.
3. If the Committee determines that a hearing will take place, applicants will be notified of the date and time their appeal will be heard and invited to attend and be heard at that time. Members of the Committee cannot participate in the hearing of any appeal arising from an action to which they have been a party. The conduct of the hearing is described below.
4. The Chair of the Committee on Academic Appeals will report the results of the Committee's consideration and the reasons for its decision to the student, professor and Registrar. The decision of the Committee is final and there is no avenue for further appeal.
5. All proceedings of the Committee are confidential.

Academic Appeals Committee Procedures

Appeals related to academic matters (misapplication of university regulations and academic offences) will be considered by the Academic Appeals Committee, a standing committee of the University Senate, with membership as follows:

- Six members of faculty, one of whom will be designated as the Chair of the Committee and three of whom will be alternates
- Four students, two of whom will be alternates
- The Registrar as a resource (non-voting)

Faculty and students who have a conflict of interest, such as having been involved previously with the case under consideration, will withdraw from the Committee. In the event that the Registrar and Associate Registrar have both been involved in the case, an alternate Dean will serve as the resource member on the Committee.

The Registrar will forward the written appeal and supporting material to the Academic Appeals Committee, the student, and the faculty member.

With reasonable notice, but normally within three weeks, the Academic Appeals Committee will invite both parties to a hearing to state their respective cases. The Committee will have the right to call on the department Chair and/or the Dean as appropriate to the hearing.

The hearing will occur whether the parties involved choose to be present or not.

Written materials submitted from the faculty or student subsequent to the initial request for an appeal will be provided to both parties. Normally these materials will be received 48 hours in advance of the hearing. When this is not the case, the hearing may be delayed at the request of either party.

Hearing Procedures

1. The purpose of the hearing is to ascertain the facts. Both the student and faculty will be invited into the hearing by the Chair of the Committee and asked to present their respective cases and will be permitted to cross examine the evidence.
2. The Chair of the Committee has the authority to maintain order during the hearing. The faculty and student are permitted to have a supporter present at the hearing. Such supporters will appear as advisors, not advocates, and may speak briefly on behalf of their advisees. Supporters are not permitted to cross examine other participants or members of the Committee at the hearing. The Chair of the Committee will ensure that both parties have sufficient opportunity to be heard.
3. At the conclusion of the hearing, both parties and any supporters will leave and the Committee will begin deliberations in camera.
4. The decision of the Committee is final. The decision and the reasons for it will be communicated to the student, the professor, and the Registrar in writing.

2.2.13 Academic Offences

The University recognizes that while members of the community are committed to promoting academic integrity, offences will occur and procedures are needed to deal fairly with these offences. Academic offences are violations of academic integrity. These include, but are not limited to, plagiarism, cheating and misrepresentation related to academic work.

In addition to this section of the Calendar and statements in course outlines, students will consult with their instructors if in doubt about what constitutes academic offences in individual courses and situations.

Plagiarism

Plagiarism is presenting someone else's words or ideas obtained from any source, including the Internet, as though they were one's own. Specific offences include, but are not limited to, the following:

- Using copied material without enclosing that material in quotation marks and/or without appropriately acknowledging its source;
- Paraphrasing or summarizing the original wording too closely;
- Omitting acknowledgment of the source of paraphrases and summaries;
- Submitting work that has been written in full or in part by someone else.

If students have questions about the correct citation format for any aspect of their academic assessments (written or oral), they should consult their faculty and the library's resource collection on academic integrity.

Cheating

Cheating includes, but is not limited to, the following:

- Receiving or giving academic information or assistance during a test or an examination;
- Using unauthorized material during a test or examination. This may include, but is not limited to, notes, books, calculators, and communication devices;
- Submitting for a take-home examination or test work that has been written in full or in part by someone else or has had the benefit of assistance from some other person;
- Submitting false information of any kind in written or oral format. This includes, but is not limited to, data and observational anecdotes;
- Obtaining examination questions, tests, or assignments by any unauthorized means;
- Impersonating another student or having someone impersonate oneself in class, at an examination or test, or in any other situation in which one is evaluated;
- Submitting work for which one has already received academic credit, unless authorized to do so by the instructor;
- Permitting an assignment of one's own to be used by another for academic credit.

Other

Includes, but is not limited to, selling, purchasing, borrowing or lending academic work for submission for academic credit.

Procedures for Dealing with Plagiarism, Cheating and Other Academic Offences

When an academic offence is suspected, the faculty member will make every reasonable effort to meet as soon as possible with the student(s) and provide an opportunity for explanation or defence against the allegation. The faculty member may consider having another faculty member with her/him when meeting with the student, in which case, the faculty member will provide an opportunity for the student to bring another student to the meeting. Where students are unavailable for a face-to-face meeting (as may be the case for some distance learning students), the discussion can take place by e-mail or telephone. If the student fails to respond to a request for a meeting or does not attend a pre-arranged meeting or does not provide a satisfactory explanation for the suspected academic offence, then the faculty member may decide to proceed with a formal charge. Before recommending a penalty and filing a report, the faculty member will consult with the department Chair. If the faculty member is the department Chair, another member of the department will be consulted.

1. If a formal charge is to be made, the faculty member will send a written report of the offence (including relevant documentation and recommended penalty based on the University guidelines) to the Dean copied to the Registrar and department Chair within five working days following the meeting with the student(s). Penalties may range from a grade of zero in an assignment in a course to expulsion from the University.

2. The Dean will review the recommended penalty to ensure that it is consistent with penalties for similar offences. The Registrar's Office will review the file(s) of the student(s) charged to determine whether the student(s) has been guilty of previous offence(s) and provide relevant information to the Dean. Should questions of consistency arise or previous offences be on file, the Dean may revise the recommended penalty. The final decision as to the penalty to be assessed rests with the Dean. Within five working days of receiving a report from the faculty member, the Dean will confirm or revise the penalty and report to the Registrar with a copy to the faculty member and department Chair.
3. The Registrar's Office will send notification of the penalty assessed, by registered mail, together with a summary report of the charge presented, to the student(s) involved within ten working days of receiving the Dean's report.
4. If the recommended penalty is expulsion, the Dean will make a recommendation, in writing, to the President with a copy to the Registrar. The President will then confirm or revise the penalty. The University President will send the notification to the student(s) with copies to the Registrar, faculty member, department Chair and the Dean.
5. Subject to any appeal decisions, all documents related to the charge will be a permanent record in the student's file. This information will be available to the Dean and those involved in any appeal process regarding subsequent charges of academic offences.
6. The student(s) will have the right to respond in writing to this notification within 15 working days of its having been sent to her/him (them). The response will be placed on file with copies to the faculty member, department Chair and the Dean (and President, in the case of expulsion). The student(s) will have the right to appeal the decision and/or the related penalty to the Academic Appeals Committee (see Appeals).
7. Two years following an assessment of a penalty transcript notation, if there is only a single "F" with a notation on the student's transcript; the student may appeal to have the notation removed from the transcript. This appeal must be made within ten years from the time the offence was noted on the transcript. The Appeals Committee will consider the student's entire file in assessing the appeal to remove the notation.

Misrepresentation

Misrepresentation includes, but is not limited to, the following:

- Misrepresenting or involving others in misrepresenting one's personal circumstances in order to obtain special consideration in one's academic work;
- Submitting fraudulent medical documents;
- Submitting fraudulent documents or materials (e.g., in support of an application for admission to the University);
- Failing to disclose and/or falsifying previous post-secondary study when applying to the University.

Procedures for Dealing with Misrepresentation

In specific cases involving misrepresentation, whoever becomes aware of an incident should report it, in writing, to the Registrar and/or Dean, depending on the situation. When the Registrar identifies a potential offence in this category, it will be dealt with as follows:

1. When the Registrar and/or Dean has reason to suspect that an academic offence has occurred, the Registrar

and/or Dean will provide an opportunity for the student to discuss the incident for clarification purposes.

2. Following this discussion, the Registrar and/or Dean will determine whether or not an academic offence has occurred. If it is determined that an offence has occurred, a written report (including relevant documentation and recommended penalty based on the University guidelines) will be sent to an alternate Dean who will assess the penalty (which may range from zero in an assignment to expulsion from or denial of admission to the University).
3. Within seven working days of determining the penalty, the Registrar will send notification to the student with copies to the department Chair and, where appropriate, to the faculty member and/or Dean.
4. If the recommended penalty is expulsion, the Dean will make a recommendation, in writing, to the President with a copy to the Registrar and, where appropriate, to the faculty member. The President will then confirm or revise the penalty. The University President will send the notification to the student with copies to the Registrar, faculty member, department Chair and the Dean.
5. Subject to any appeal decisions, all documents related to the charge will be a permanent record in the student's file.
6. The student has the right to respond in writing to this notification and the supporting documentation to the Registrar within 15 working days of receipt of the notification. The response will be placed on file with copies, where appropriate, to the faculty member, department Chair and the Dean (and President, in the case of expulsion). The student will have the right to appeal the decision and/or the related penalty to the Academic Appeals Committee.
7. Two years following an assessment of a penalty transcript notation, if there is only a single "F" with a notation on the student's transcript; the student may appeal to have the notation removed from the transcript. This appeal must be made within ten years from the time the offence was noted on the transcript. The Appeals Committee will consider the student's entire file in assessing the appeal to remove the notation.

2.2.14 Academic Offence Appeals Procedures

Appeals related to academic offences will be considered by the Academic Appeals Committee, a standing committee of the University Senate, with membership as follows:

- Six members of faculty, one of whom will be designated as the Chair of the Committee and three of whom will be alternates
- Four students, two of whom will be alternates
- The Registrar as resource (non-voting)

Faculty and students who have a conflict of interest, such as having been involved previously with the case under consideration, will withdraw from the Committee. In the event that the Registrar is involved in the case, an alternate Dean will serve as the resource member on the Committee.

A student wishing to appeal the decision that an academic offence has occurred and/or the related penalty will do so within 15 working days of the issuance of the report from the Registrar (or in the case of expulsion, from the President), by sending a written appeal to the Chair of the Academic Appeals Committee, in care of the Registrar.

The Registrar will forward the written appeal and supporting material to the Academic Appeals Committee, the

appellant and the faculty member. The supporting material shall include:

- the written report from the faculty member, the Dean and in the case of expulsion, the President;
- accompanying materials received;
- a summary of any notations of academic offences in the student's file.

With reasonable notice, the Academic Appeals Committee will invite both parties to a hearing to state their respective cases. The Committee will have the right to call on the department Chair and/or the Dean, as appropriate, to the hearing.

The hearing will occur whether the parties involved choose to be present or not. Written materials submitted from the faculty or student subsequent to the initial request for an appeal will be provided to both parties. Normally these materials will be received 48 hours in advance of the hearing. When this is not the case, the hearing may be delayed at the request of either party.

Hearing Procedures

The purpose of the hearing is to ascertain the facts. Both the student and faculty will be invited into the hearing by the Chair of the Committee and asked to present their respective cases and will be permitted to cross examine the evidence.

The Chair of the Committee has the authority to maintain order during the hearing. The faculty and student are permitted to have a supporter present at the hearing. Such supporters will appear as advisors, not advocates, and may speak briefly on behalf of their advisees. Supporters are not permitted to cross examine other participants at the hearing or members of the Committee.

The Chair of the Committee will ensure that both parties have sufficient opportunity to be heard. At the conclusion of the hearing, both parties and any supporters will leave and the Committee will begin deliberations in camera.

After deliberations, the Academic Appeals Committee will determine by majority vote whether to:

- uphold or deny the charge, and
- confirm or alter the penalty imposed.

A written report of the decision and any penalty will be sent to both parties with copies to the faculty member, department Chair and the Dean (and the President, in the case of expulsion). The Registrar will follow through on the Committee's decision.

2.2.15 Penalties for Academic Offences

Offence	Penalty	Transcript Notation
Error in citation, misjudgement in applying citation ¹	Reduction of marks appropriate to the citation. No report filed	None
First offence of plagiarism or offence other than cheating	0 in paper to F* in course depending on the seriousness of the offence (sentences/paragraphs vs. significant portion to full text)	Notation dependent on penalty. If F* noted as final grade, transcript key indicates this grade assigned due to academic offence
Second offence of plagiarism or offence other than cheating	F or F* in course depending on seriousness of the offence and previous offence (of any type)	If F* noted as final grade, transcript key indicates this grade assigned due to academic offence
Third offence of plagiarism or offence other than cheating	F* to partial or complete loss of credit for academic calendar year ²	F* noted as final grade, transcript key indicates this grade assigned due to academic offence. If loss of credit, transcript indicates loss of credit due to academic offence
Fourth offence of plagiarism or offence other than cheating	Suspension or expulsion	Transcript indicates academic suspension or expulsion due to academic offence
First offence of cheating related to an assignment, writing a test, midterm or final exam	0 on assignment or test to F* in course depending on the seriousness of the offence	If F* noted as final grade, transcript key indicates this grade assigned due to academic offence
Second offence of cheating related to an assignment, during the writing of a test, midterm or final exam	0 on assignment or test to F* in course and suspension or expulsion depending on the seriousness of the offence and previous offence (of any type)	If F* noted as final grade, transcript key indicates this grade assigned due to academic offence. Academic suspension or expulsion due to academic offence
Assisting in any offence by knowingly providing the information by any means	F or F* in course depending on seriousness of the offence and previous offence (of any type)	If F* noted as final grade, transcript key indicates this grade assigned due to academic offence
Unknowingly contributing to the above is not considered an academic offence		
Arranging for an imposter to write a test, midterm or final exam	Loss of credit for the academic calendar year and suspension or expulsion	Transcript indicates loss of credit due to academic offence or academic suspension or expulsion due to academic offence
Misrepresentation in academic work	0 to F* depending on seriousness and number of previous offences	If F* noted as final grade, transcript key indicates this grade assigned due to academic offence
Fraud, omission or misrepresentation of information in the application process to the University (for example, presentation of fraudulent credentials including those purchased from "credential providers," omission of previous post-secondary institution attended, fraudulent letters of reference or information presented on résumés)	Denial of admission to the University, expulsion if the offence is detected after admission or revocation of degree, diploma or certificate	Academic expulsion due to academic offence. Transcript notation of date of revocation of credential

¹ While not an offence, it is subject to a penalty at the discretion of the faculty member

² Academic calendar year begins September 1 and ends on August 31

Note: Previous offences in all categories will be considered when assessing penalties. Students in graduate programs who receive a grade of F are required to withdraw from the program.*

2.2.16 Student Judicial System

A student judicial system for non-academic infractions is in effect. It exists to maintain an environment that is hospitable and conducive to academic study and extra-curricular activities for both women and men. One of its premises is that non-academic standards of behaviour are as important to the quality of university life as are academic standards. It sets out what constitutes the misconduct for which students of the University are subject to discipline and procedures for dealing with complaints. The definitions of misconduct include, among others: conduct which threatens or endangers the health and safety of any member of the University community on or off campus; use of abusive or obscene language or gestures at any University sponsored functions or operations; obstruction or disruption of any university or Students' Union sponsored function; failure to comply with the instructions of University or Students' Union officials acting in the performance of their authorized duties; and violation of any law of Canada.

Procedures

Complaints may come from any member of the University community and should be directed to the Office of Student Experience (EV218). They must be in writing and in as much detail as possible regarding the misconduct being alleged. The AVP Student Experience then forwards a copy of the complaint to the respondent asking for a written response, and may begin an investigation. A hearing is scheduled by the Chair of the Student Judicial Committee. That committee has the power to impose sanctions. The decision can be appealed. Note that all disciplinary and appeal procedures are designed to follow principles of natural justice.

A copy of the student judicial code is available from the Secretary of Senate, the Office of Student Experience, and the Students' Union.

2.2.17 Email Communication

Every student at the Mount is assigned a Mount email account. The University requires all students and faculty to use their Mount email account when communicating course and University information. For quick access to webmail, go to msvu.ca/mymount and login using your Mount Novell username and password.

2.2.18 Regulations Governing Computer Use

To promote the responsible and ethical use of Mount Saint Vincent University computing resources, all Mount computer users will be expected to adhere to the computer use regulations described here. In addition to these norms, users may also be subject to additional regulations set by those responsible for a particular computing facility. Such regulations must be publicized. With due regard for the right of privacy of users and the confidentiality of their data, authorized university staff will routinely monitor computing activity in order to safeguard the security and smooth operation of Mount computing resources.

Individuals must respect the rights of other authorized users. The following activities are prohibited:

1. using the computer access privileges of others or sharing one's username and password; interfering with the security or confidentiality of other users' files or maliciously destroying any computer-stored material including that in primary storage;
2. impeding others or interfering with their legitimate use of computing facilities (this includes, but is not limited to,

sending obscene, threatening, or repeated unnecessary messages or downloading pornographic material);

3. illegally copying programs or data that are the property of the University or other users or putting unauthorized or forbidden software, data files, or other such computer-related material on university computers;
4. interfering with the normal operation of computing systems or attempting to subvert the restrictions associated with such facilities;
5. using computing resources for purposes not in accordance with educational and/or research activity;
6. failing to follow specific rules set out by the faculty member or department in charge of the course for classes, tests, or exams held in a computer lab;
7. using the Internet and other computing resources for purposes deemed to be "recreational" to the detriment of curriculum-related uses.

Violations of the rules or procedures as published may result in withdrawal of computer access for the individual concerned and in all Mount Saint Vincent University usernames/user-ids owned by that individual being disabled.

Procedures for Dealing with Student Violations

The specific procedures to be followed when a student allegedly violates the Computer Use Regulations will depend upon the nature and severity of the violation. Infractions may also be dealt with under the provision of the Student Judicial Code, Fair Treatment Policy, Sexual Harassment Policy, or departmental or other academic policies. Violations may also lead to referral to law enforcement authorities.

► *Level One*

The faculty or staff member and/or her/his chairperson or supervisor will speak to the student who has been accused of violating the Computer Usage Agreement. A mutual resolution will be sought, followed by a short memo to the Director of Information Technology and Services (IT&S), and a copy to the student. The memo should simply outline the name of the student, indicating that she/he was spoken to about a computer usage issue and that a satisfactory resolution has been found. This will allow repeat offences of seemingly one time or innocent violations to be monitored, in case the same issue has come up with another faculty member.

► *Level Two*

Level two offences will be defined as repeat offences of level one. The Director of IT&S will forward the information to the Associate Vice President of Student Experience for appropriate action based on the nature of the offences. This could include the involvement of the Student Judicial Committee, the Registrar, or the Sexual Harassment Advisor. Procedures of the specific policy or code will be followed.

► *Level Three*

Level three offences are those offences that are more serious in nature and which pose an immediate threat to the campus network. In such cases, faculty should contact the Director of IT&S immediately to identify the issue. In these cases IT&S network staff may be the first party to identify the issue. The Director of IT&S, in consultation with

the University President or her designate, will immediately terminate the student's access to the Mount's computing facilities. The process will then continue in accordance with the guidelines noted for level two offences.

2.2.19 Privacy of Information

Freedom of Information and Protection of Privacy (FOIPOP)

In 1993, the province of Nova Scotia enacted the Freedom of Information and Protection of Privacy Act. Its purpose is to make public bodies more open and accountable to the public in the way they acquire, use and dispose of information.

This is achieved in a number of ways including:

- giving the public a right of access to records in the custody and control of the University, subject only to limited and specific exemptions;
- giving individuals a right of access to personal information held by the University about them and allowing them the opportunity to request a correction to said information;
- specifying limited exemptions to the right of access;
- ensuring appropriate collection, use and disclosure of personal information.

The Act also provides the opportunity for individuals to request information, making public bodies directly accountable to each citizen.

A complete copy of the Nova Scotia Freedom of Information and Protection of Privacy Act is available on the government web site at <http://foipop.ns.ca/legislation.html>.

Personal Information and Protection of Electronic Documents (PIPEDA)

PIPEDA, which came into force January 1, 2001, establishes new rules for privacy. The rules recognize the rights of individuals to control the use of their personal information. The rules also impose obligations on organizations to protect personal information in a manner that a reasonable person would consider appropriate in the circumstances. This legislation protects the privacy rights of all Canadians as it applies to every organization that collects, uses or discloses personal information in the course of commercial activities.

A complete copy of Bill C-6, the Personal Information Protection and Electronic Documents Act is available on the Privacy Commissioner's web site at privcom.gc.ca.

Privacy Act

Under the federal Privacy Act, individuals can request access to their own, individual information held in federal information banks, including those held by Statistics Canada.

Students who do not wish to have their information used are able to ask Statistics Canada to remove their identifying information from the national database.

2.2.20 Other Regulations

In addition, students availing themselves of university services and facilities are expected to abide by the procedures and regulations accompanying the same.

2.2.21 Graduation

Although advice is readily available on request, the responsibility of selecting the appropriate courses for graduation rests ultimately with the student.

Senate confers certificates, diplomas, and degrees twice each year in the spring and in the fall. Normally, Convocation is held in May and in November.

Students must submit an Application to Graduate form (found online at msvu.ca/regofficeforms) to the Registrar's Office by the specified deadlines - see Important Dates in the University Year on page 7. A graduation fee is also required. Conferred credentials will not be made available to students until all accounts have been paid in full.

Participation in Convocation Ceremonies

Students who wish to participate in the formal ceremonies of convocation do so at the ceremony immediately following completion of the academic requirements for their credential. Students who do not wish to participate in convocation ceremonies may receive their credential in absentia by so informing the Registrar. Information on the ceremonies and the in absentia alternative are automatically sent to students who file an Application to Graduate form with the Registrar.

When financial arrears prevent students from graduating, they become eligible to participate fully in the next scheduled convocation ceremony following their full payment of fees owed. Students wishing to do this should contact the Registrar's Office as soon as their debt is cleared.

2.2.22 Prizes Awarded At Convocation

Senate Medals of Distinction

Pewter medals are awarded by the Senate to recognize the top graduating master students in each program area. Students are nominated by their departments. These medals are presented at both the spring and fall ceremonies.

President's Prizes

Special awards donated by the University President are given to members of the spring and fall graduating classes whose energy, generosity and commitment have enriched the University during their time as students, and who show promise that their commitment will continue as alumnae.

Application forms for on-campus work are available from the personnel office.

Off-campus jobs available to students are listed in the Career Placement Centre located on campus in Evaristus.

The Financial Aid Office maintains information on scholarships and bursaries external to Mount Saint Vincent University. Please contact the Financial Aid Office (or check the bulletin board outside Evaristus 219) for more information.

3.1.2 Bursaries Available Through Mount Saint Vincent University

Bursaries are need-based awards intended to assist students in financial difficulty with the costs of attending Mount Saint Vincent University. All bursaries awarded through Mount Saint Vincent University require a formal application which includes specific and detailed financial information. Applications are available from the Financial Aid Office, as well as, the Registrar's Office, Students' Union and online at msvu.ca in October.

Completed applications must be received in the Financial Aid Office by 4 p.m. on November 7.

Students who apply for Mount Saint Vincent University bursaries are expected to have applied for all appropriate government student aid for which they qualify. Those who have not must submit a letter citing the reasons and circumstances why they have not availed themselves of student aid programs or their application for a Mount bursary will not be considered. Applications missing required financial information will not be considered when awards are allocated. Students with questions or concerns are encouraged to attend one of the information sessions listed on the formal bursary application.

Please note that the listing of bursaries is accurate at the time of publication, but that changes may occur. For more information visit: msvu.ca/scholarships

Tuition-Driven Bursaries

Mount Saint Vincent Tuition-driven Bursaries are available in January of each year (applications open for the months of October and November only). Any student registered in a Mount Saint Vincent University credential program is eligible. Awards ranging from \$100 to \$1500 are made according to established and documented financial need. Students are required to submit a detailed financial disclosure application and supporting documents. For further information, contact the Financial Aid Manager at 457-6351.

Named Bursaries

Mount Saint Vincent Endowed Bursaries are available in January of each year (applications open for the months of October and November only). The application for the endowed bursaries is the same as that for the need-based awards except where otherwise noted in the following entries.

Agnes O'Donnell Kelly Memorial Endowed Bursary

Awarded annually to students in their third or later year. Established by friends and family of the late Agnes O'Donnell Kelly to honour her many years of service to the Mount. A friend, leader and tireless worker for the Alumnae Association, her church and community, Agnes (Academy '36, BScSS '39) was also a former president and life member of the Alumnae Association.

Alice Graydon Paris and Barrie Graydon Knight Bursary

Established by Terrence Paris to honour his mother and brother and by Geoffrey Paris to honour his wife and stepson. This bursary will provide financial assistance to a single parent with demonstrated financial need studying at Mount Saint Vincent University.

Aramark Canada Ltd. Bursary

This gift to the Learning and Leading capital campaign honours Mary's parents, Catherine and the late Douglas Clancy. First preference will be given to female students with a proven interest in public service and public policy through political activity, community activity, or student leadership. Students may apply for and hold this bursary more than once, depending on their financial need.

CCJ Childcare Endowed Bursary

Established by members of the University's senior academic administration, this bursary is awarded annually to a single parent of small children to subsidize child care at the Mount Child Study Centre, in order for the student to continue her/his education.

Dr. Catherine T. Wallace Endowed Bursary

Established by many friends and family in memory of Dr. Catherine T. Wallace. A noted educator, Dr. Wallace was the fourth president of Mount Saint Vincent University, 1965-1974. Under her leadership, expansion of the library, science, administration and physical facilities were undertaken. She was responsible for the formulation of the Charter which changed the name from college to university. She established a Board of Governors and Senate and pioneered outreach to women through the University's continuing education program. She was loved and admired for her deep conviction, vision and commitment to the Mount. Dr. Wallace received the Order of Canada and honorary degrees from 13 universities, including Mount Saint Vincent. Awarded to students demonstrating financial need.

Isabel Hyland Memorial Endowed Bursary

Established by Janet Pottie Murray (BA '56) as a lasting tribute to the educational dedication of her Aunt Isabel, who graduated from Mount Saint Vincent College in 1944. A devoted teacher for thirty-four years, Isabel Hyland will always be remembered by her students for her compassion and devotion. This bursary is available to students in the education program who have demonstrated a financial need. Applicants should include a résumé outlining how the pursuit of their studies will fulfill specific career goals.

Jane Hurshman-Corkum Endowed Bursary

This bursary was initiated by the Mount's Women's Studies Society in recognition of Jane Hurshman-Corkum (1949-1992). The bursary fund recognizes the obstacles to be surmounted by survivors of violence and the many supports needed to build new directions. The bursary will assist female students who are survivors of violence and in need of financial support.

In addition to submitting the usual bursary form, applicants must also submit a "supporter statement" which can be found online and reads as follows: "(Student's name) is known by and has been supported by the undersigned in her quest to survive and surmount the violence she has experienced in her life."

This "supporter statement" may be signed by anyone the applicant chooses to ask who has played a supporter role to the applicant and may include, but is not limited to, such people as a personal friend, relative, minister, doctor, transition house worker, crisis worker, lawyer, court worker, social worker, therapist.

It is not necessary for applicants to supply any details whatsoever about the nature or extent of their experiences. The purpose of the "supporter statement" is solely to verify that the applicant has suffered and survived violence and is, therefore, eligible to be considered for this particular bursary award.

Janet (Pottie) Murray Endowed Bursary

Established by Dr. T.J. (Jock) Murray and children to honour his wife and their mother, Janet (Pottie) Murray. Janet was Chair of the Board of Governors from 1980 to 1983 and is a loyal Mount alumna. This bursary will provide financial assistance to a female student with demonstrated financial need studying at Mount Saint Vincent University.

Applied Human Nutrition (GAHN)

Chair

Daphne Lordly, PDt FDC, MAHE (MSVU), DEd (UNISA),
Professor

General Information

The Master of Science Applied Human Nutrition and the Master of Applied Human Nutrition programs will provide students with the opportunity for advanced level study in nutrition with an emphasis on issues related to community nutrition, food and human nutrition. The programs explore the theoretical foundations of nutrition through critical reflection on current research and practice within the discipline and drawing from other related disciplines.

Admission Requirements

Students will normally have completed an undergraduate degree in nutrition, dietetics, foods or related health professions, e.g., nursing, health education, pharmacy, with a minimum of a B average (GPA 3.0). Credit in the following undergraduate courses will normally be required: 0.5 unit applied statistics; 1.0 unit biochemistry; 1.0 unit physiology; 1.0 unit sociology, psychology or communications; 1.0 unit 3000-level and 1.0 unit 4000-level human nutrition.

Applicants must complete the Graduate Studies Application Package available online at msvu.ca/applyonline, from the Admissions Office or from the Department of Applied Human Nutrition, by **January 31** for fall admission.

Programs

Students seeking registration as a professional dietitian must apply for the Master of Science Applied Human Nutrition and the Internship Education Program. To be considered for the Internship Education Program applicants must meet Partnership for Dietetic Education and Practice (PDEP) foundational knowledge specifications. Please consult the Department of Applied Human Nutrition for information about acceptable undergraduate programs.

Students with an interest in aspects of community nutrition i.e. food security, participatory action research, are directed to the following web site for additional information <http://www.msvu.ca/en/home/programsdepartments/professionalstudies/appliedhumannutrition/PARTC-FS.aspx>.

Immunization Requirement

To be able to participate in courses, including internships, which have placements or labs in health facilities it is necessary to have a physician complete a health screening form that verifies your immunization for contagious diseases. There is a fee for the immunization and your health plan may cover all or part of this cost. Please contact the Department for more information.

Criminal Records Check

Students are advised that certain courses and the internship which have placements in health facilities and community organizations require a recent and currently valid Criminal Records Check including a Vulnerable Sector Search.

Admission Requirements

To be admitted into the Master of Arts in Child and Youth Study program, students will:

1. have completed a four-year baccalaureate degree with a minimum of a B average (GPA of 3.0)
2. have experience in an area related to the child and youth field. Applicants without relevant experience will be required to complete 5.5 units for their program which will include GCYS 6609 to be completed in the first year. Internship is required to meet licensing regulations in some jurisdictions.

A Bachelors degree from an accredited university in a social science area (e.g., early childhood; child and youth study; psychology; education; social work; family studies; sociology) is preferred. Undergraduate courses in research methods and statistics are required of all applicants. Some students may be required to complete additional undergraduate or graduate coursework and obtain a minimum of B in these courses prior to acceptance into the program.

Applicants must complete the Graduate Studies Application Package available online at msvu.ca/applyonline or from the Admissions Office by **February 15** for fall admission.

Master of Arts in Child and Youth Study

Each student will be assigned an academic advisor by the Graduate Admissions Committee of the Department of Child and Youth Study. This advisor will be a faculty member of the Department of Child and Youth Study. The academic advisor will be responsible for overseeing the student's program. The student and academic advisor will prepare the student's program in compliance with program requirements. Each student's program will be submitted to the Graduate Admissions Committee (CYS) for approval. Students wishing to take coursework at another university while registered at the Mount must comply with Mount Saint Vincent University regulations regarding transfer of credit and obtain the necessary authorized external course forms. Any changes to a student's program must be approved by the student's academic advisor and Graduate Admissions Committee (CYS).

Program Requirements

The program requires a minimum of 5.0 units, including a 1.0 unit thesis. Academic standing and grading criteria as outlined in sections 2.2.7 Graduate Level Grading Scheme and 2.2.9 Academic Standing on pages 18 and 20 will be followed.

Courses

GCYS 6011

Developmental Issues for Children and Youth 0.5 unit

Prerequisite: admission into the graduate child and youth study program or permission of the instructor

An examination of selected topics in human development.

The course will focus on the implications for professional child and youth care practice in selected settings of the dynamic interplay of biology, experience and culture that affects child and adolescent development. *Note: Students who have received credit for GSPY 6823 may not take this course for credit.*

GCYS 6012

Social Contexts of Child and Youth Care 0.5 unit

Prerequisite: admission into the graduate child and youth study program or permission of the instructor

An examination of critical social issues and contemporary resources/supports for children, youth and their families.

Consideration will be given to the role of the helping professional in promoting the health and welfare of children, youth, and their families, in a social context.

GCYS 6013

Intervention and Evaluation for Children and Youth 0.5 unit

Prerequisite: admission into the graduate child and youth study program or permission of the instructor

An examination of historical and current perspectives, practices, issues and trends in the field of intervention for children and youth. Techniques for assessing and evaluating children, youth, families, environments, and programs will be discussed. Emphasis will be placed on ethical issues, developmentally appropriate practices and accountability.

Note: Students who have received credit for GCYS 6030 may not take this course for credit.

GCYS 6014

Leadership in Child and Youth Care 0.5 unit

Prerequisite: admission into the graduate child and youth study program or permission of the instructor

A detailed examination of issues related to leadership and administration of child and youth care programs. The focus will be on the roles and responsibilities of administrators/workers including human resources management, communications, program development and evaluation, community involvement, and relations with the profession, government, and other agencies. *Note: Students who have received credit for GCYS 6070 may not take this course for credit.*

GCYS 6021/GFDD 6519

Sociology of Childhood and Adolescence 0.5 unit

This course offers an introduction to sociology of childhood and adolescence by examining the historical, contemporary or discursive premises of the field. It will introduce the students to the paradigm of children's agency, investigate childhood and adolescence as a structural form, and explore different areas of research, and their implications for education, schooling, and socialization.

GCYS 6029

Special Topics in Child and Youth Study 0.5 unit

GCYS 6039

Special Topics in Child and Youth Study 0.5 unit

Prerequisite: admission into the graduate child and youth study program or permission of the instructor

An opportunity for students to examine in-depth selected topics in child and youth study. Topics will vary from year to year. The course will allow students to focus on a specialized area of the field that may be treated more briefly in other courses.

GCYS 6130

Thesis 1.0 unit

Required for completion of MA(CYS) degree. Registration involves working with individual faculty members on the conceptualization, production, and defence of the thesis. *Graded Pass/Fail/NCR*

GCYS 6190

Directed Study 0.5 unit

Prerequisite: permission of Committee for the MA(CYS) Graduate admissions

An independent examination of the research literature designed to meet the needs of individual graduate students. This course provides students with an opportunity to pursue independent work in a specific area relating to their research interests and career intentions.

GCYS 6609

Graduate Internship 0.5 unit

Prerequisite: permission of the department

A minimum 150 hours of supervised internship related to the student's professional and/or academic interests. Students will complete required written assignments as well as demonstrate professional competence in the placement. *Note: This course cannot be counted among the 5.0 units required for graduation.*

General Information

Graduate programs in the following areas are available at Mount Saint Vincent University:

- Curriculum Studies (general program and concentrations in the education of young adolescents, teaching English as a second language and supporting learners with diverse needs and exceptionalities)
- Educational Foundations
- Educational Psychology
- Elementary and Middle School Education
- Literacy Education
- School Psychology
- Studies in Lifelong Learning

Program Options Include

- MEd non-thesis (all programs except School Psychology)
- MA
- Research Master of Arts

Application Deadlines

Mount Saint Vincent University accepts applications to all graduate programs except School Psychology on a continuous basis. Applications including all letters of reference, transcripts and other required information will be accepted up to **February 15** for May, July and September entrance (applications for September entrance received after this date will be processed on a space available basis). Applications for January entrance should be received by **November 2**. The deadline for application to the Master of Arts in School Psychology program is **January 15**.

The Graduate Studies Application Package is available online at msvu.ca/applyonline or from the Admissions Office.

Courses - Graduate Education (GEDU)

GEDU 6100

Quantitative Research Methods 0.5 unit

An examination of the process of research using various experimental and quasi-experimental designs, and survey research, including planning, data collection, analyses and report writing. Students will have an opportunity to plan research in an area of interest. Consideration is given to the techniques of thesis or project writing and comprehension of research reports.

GEDU 6107

Qualitative Research Methods

0.5 unit

Prerequisite: permission of the instructor

This seminar course will explore various qualitative research techniques and the underlying theoretical assumptions which inform qualitative research. The course will also involve evaluation of sample qualitative studies in education and field testing of particular techniques.

GEDU 6130

MAEd Thesis

1.0 unit

Required for completion of all MAEd degrees. Registration involves working with individual faculty members on the conceptualization, production, and defence of the thesis.

Graded Pass/Fail/NCR

GEDU 6140

Graduate Project Seminar

0.5 unit

The project entails a sustained exploration of theory, research and practice. Students will be expected to reflect upon their learning throughout the degree to link theoretical and research ideas to existing practical contexts. Each project will be designed by the individual student in consultation with the instructor. Normally the project course will be completed toward the end of the degree.

GEDU 6150

Independent Study in Research Methods

0.5 unit

An individual reading course designed to allow students to explore a particular research methodology in greater depth. The graduate student must make arrangements with a faculty member in advance of registration.

GEDU 6151

Independent Study

0.5 unit

GEDU 6152

Independent Study

0.5 unit

GEDU 6153

Independent Study

1.0 unit

Individual reading and research projects designed to meet the special needs of graduate students. The graduate student must make arrangements with the faculty member in advance of registration.

GEDU 6154

Summer Institute

0.5 unit

GEDU 6155

Summer Institute

0.5 unit

GEDU 6156

Summer Institute

1.0 unit

The summer institute offers a forum in which educators exchange ideas, learn by doing, and create new understandings of themselves as teachers and learners through workshops, discussions, and independent study.

GEDU 6170

Seminar: Focus on Research Literacy

0.5 unit

Prerequisite: permission of the instructor

This course is designed to make students aware of and understand the various assumptions underlying research paradigms in education. Different research perspectives will be explored and their characteristic mode of reporting examined.

Curriculum Studies (GCRD)

General Information

This program is designed to accommodate different student needs and interests related to the curriculum of schools and other educational institutions. A student may choose to focus upon curriculum theory and practice or, alternatively, on the pedagogy of a particular discipline or subject field. Concentrations in the education of young adolescents, teaching English as a second language and supporting learners with diverse needs and exceptionalities are also offered. Programs are developed in consultation with the faculty advisor, who must approve all course selections.

As well, cohort groups of interested participants have been organized in a variety of focus areas including teaching learners with diverse learners, technology integration, curriculum leadership, teaching English as an additional language and rural education. All on-campus programs are now treated as concentrations rather than cohort groups with the exception of technology integration.

Admission Requirements

Minimum requirements for admission to the program are a bachelor's degree and evidence of one year successful teaching experience (or equivalent). For those teaching in the public school system, a BEd or its equivalent is also required. Those involved in education other than in the school system do not require a BEd for admittance to the program and are encouraged to apply. Additional specific requirements may be in place for certain cohorts and concentrations.

Only students who show the potential to perform well in graduate studies (normally a minimum B average (GPA of 3.0) in previous university coursework will be considered for admission.

This degree may be completed on a full-time or part-time basis and a variety of delivery modes are possible.

Master of Education (Curriculum Studies)

This is a non-thesis degree program consisting of 5.0 units of coursework. Students follow a program of study which blends compulsory components with options drawn from required and elective courses. Elective courses may be taken within other program areas in graduate education:

Program Requirements

Required Courses

☐ GCRD 6301 0.5 unit

☐ GCRD 6302 0.5 unit

(selected from other graduate offerings, in consultation with a faculty advisor)

Master of Arts in Education (Curriculum Studies)

The Master of Arts in Education program consists of 4.0 units of study plus a thesis. A student may focus upon curricular theory and practice, in which case courses should be selected from among philosophy and theory of curriculum, critical analysis, design, implementation, and so forth. Alternatively, a student may elect to study the pedagogy of a

particular discipline or subject field, in which case the courses chosen should deal with such matters as the structure of knowledge within the particular discipline or field of interest, research on teaching, and so forth.

Master of Education in Curriculum Studies: Supporting Learners with Diverse Needs and Exceptionalities (SLDNE)

The MEd Curriculum Studies: Supporting Learners with Diverse Needs and Exceptionalities meets the general requirements for the MEd Curriculum Studies. It is a non-thesis graduate degree consisting of 5.0 units of coursework including a project. Students admitted to this concentration will follow a prescribed set of courses designed to explore, consider, and analyze how school organizational structures and overall culture can become responsive to the strengths, needs and interests of learners. Collaborative school cultures that embrace diversity as a point of strength are examined. Students will engage in a critical review of curriculum, student assessment and individualized programming through the use of differing teaching/learning strategies in various discipline areas that include accommodations, adaptations and the integration of assistive technology with an emphasis on supporting learners with diverse needs and exceptionalities.

Master of Education in Curriculum Studies: Teaching English as a Second Language (TESL)

The MEd Curriculum Studies: TESL is a non-thesis graduate degree including 5.5 units of coursework. In place of the research, general curriculum, and elective course in the general MEd Curriculum Studies, students opting for this route will follow a prescribed set of courses designed to address the classroom instruction needs of teachers working with English as second language learners. The program is designed primarily as a pedagogical rather than a research degree. This program is offered and conferred jointly by Mount Saint Vincent University and Saint Mary's University.

Courses - Curriculum Studies (GCRD)

GCRD 6301
Foundations of Curriculum Studies I 0.5 unit
An introduction to curriculum studies as a field for scholarly inquiry and professional practice. This course includes an examination of theories and philosophies of curriculum studies, models of curriculum development and evaluation.

GCRD 6302
Foundations of Curriculum Studies II 0.5 unit
Prerequisite: GCRD 6301 or permission of the instructor
A continuation of curriculum studies as a field for scholarly inquiry and professional practice. This course includes a focus on applied practice and process of curriculum development and implementation, including aims, design, implementation, and issues related to curriculum studies.

GCRD 6305/GFDD 6513
Schooling and Social Justice 0.5 unit
An exploration of the connections between curriculum theorizing and practices, ways in which social issues are brought to bear upon curriculum, and how this is affected by the everyday lived experiences of students and teachers. This course also focuses on developing strategies for socially just classrooms.

GCRD 6306
Principles of Language Acquisition for Education I 0.5 unit
A detailed examination of the nature of additional language acquisition. Part I focuses on individual factors such as first language acquisition, age, and human learning. It is intended for teachers of English as a second, foreign, or additional (ESL/EFL/EAL) language but is also appropriate for teachers of English and language arts.

GCRD 6307
Principles of Language Acquisition for Education II 0.5 unit
A detailed examination of the nature of additional language acquisition. Part II focuses on contextual factors such as input and interaction, sociocultural and communicative competence. It is intended for teachers of English as a second, foreign, or additional (ESL/EFL/EAL) language but is also appropriate for teachers of English and language arts.

GCRD 6308
Linguistics for Teachers I 0.5 unit
An introduction to linguistics, the scientific study of human languages. Part I focuses on the words (morphology), sounds (phonetics), and sounds patterns (phonology). It is intended for teachers of English as a second or additional language but it also appropriate for teachers of English and language arts.

GCRD 6309
Linguistics for Teachers II 0.5 unit
An introduction to linguistics, the scientific study of human languages. Part II focuses on sentences (syntax), meaning (semantics), and pragmatics (use of language in social contexts). It is intended for teachers of English as a second or additional language but is also appropriate for teachers of English and language arts.

GCRD 6313
Geography in Education 1.0 unit
This course explores questions of space and environment as avenues for increased understanding of our world. While of obvious value to teachers in the social studies, the course is designed to benefit teachers of any grade level or subject area by suggesting ways in which sound geographic understanding can contribute to their teaching.

GCRD 6314
New Dimensions for Curriculum in Geography 0.5 unit
This course is designed for those who teach, plan, or supervise courses of study in geography/social studies, or Maritime Studies, at the secondary level. It considers the implications of geographical thought for curriculum development, course planning, and teaching, and it suggests bridges between geography and other fields of study.

GCRD 6315
Critical Pedagogy I 0.5 unit
 This course provides an introduction to educational practices as forms of cultural politics. It examines theoretical frameworks (critical theory, feminisms, postcolonialism, poststructuralism, etc.) for analyses of the intersections of knowledge, power and identity in and through the everyday work of education. Particular emphasis is given to the constitutive processes of gendering, racialization, etc. within educational institutions. Counter-pedagogies, those which can name, challenge and more democratically reconstitute such processes and effects, are the primary focus of the course.

GCRD 6316
Critical Pedagogy II 0.5 unit
Prerequisite: GCRD 6315 or permission of the instructor
 This course provides a continuation of the examination of educational practices as forms of cultural politics. It examines theoretical frameworks (critical theory, feminisms, postcolonialism, poststructuralism, etc.) for analyses of the intersections of knowledge, power and identity in and through the everyday work of education. Particular emphasis is given to the constitutive processes of gendering, racialization, etc. within educational institutions. Counter-pedagogies, those which can name, challenge and more democratically reconstitute such processes and effects, are the primary focus of the course.

GCRD 6317
Curriculum in Practice I 0.5 unit
 An introduction to the process of action research in classrooms and schools with a focus on what teachers and students are actually doing in the learning environment. Emphasis is placed on basic teaching and learning interactions, and critical analysis of a series of cycles examining curriculum in practice.

GCRD 6318
Curriculum in Practice II 0.5 unit
Prerequisite: GCRD 6317 or permission of the instructor
 A continuation of the process of action research in classrooms and schools; focus on what teachers and students are actually doing in the learning environment. Emphasis is placed on basic teaching and learning interactions, and critical analysis of a series of cycles examining curriculum in practice.

GCRD 6319/GFDD 6512
History of Educational Ideas 0.5 unit
 An examination of the social, cultural, and ideological forces that have affected ideas about education and their relationship to contemporary educational practices. Various aspects of education such as curriculum design, evaluation, implementation, and research are explored.

GCRD 6320
Global Issues and Education I 0.5 unit
 An examination and comparison of theoretical perspectives about global education. Relevant principles, themes, concepts and/or values inherent in a global perspective will be considered.

GCRD 6321
Global Issues and Education II 0.5 unit
Prerequisite: GCRD 6320 or permission of the instructor
 An identification and critique of global education initiatives. Students will engage in an exploration of the underlying ideologies and paradigms that inform various global education theories/perspectives and will examine and apply global education pedagogy and practice.

GCRD 6322
Education and Development I 0.5 unit
 An introduction to critical analysis of the inter-related concepts of education and development. Education represents one of the major economic costs associated with most social and political jurisdictions. The course compares local conditions, costs and benefits from the educational sector with data from a more global perspective.

GCRD 6323
Education and Development II 0.5 unit
Prerequisite: GCRD 6322 or permission of the instructor
 Develops concepts and connections of the assumed relationship between formal, non-formal, and in-formal education. This advanced course considers, for example, questions about whether education in one context is relevant in others, and whether the cost-benefit analysis justifies the on-going contributions expected from society.

GCRD 6324/GLIT 6731
Cultural Politics and the Teaching of English 0.5 unit
 This course traces the social, cultural and institutional functions of the subject of English to provide an understanding of how it is a form of cultural politics. The course examines contemporary critical theories and the cultural politics of media (print, electronic, visual) as a means of expanding possibilities of teaching English as a socially progressive subject.

GCRD 6325/GLIT 6732
Reading and Teaching Popular Culture 0.5 unit
 This course focuses on the educational and pedagogical dimensions of popular culture. It provides theoretical frameworks, namely, those of cultural studies and critical literacy, to explore the variety of literacies practised in contemporary multi-mediated cultures and the complex social processes brought to bear on the teaching and reading of popular culture.

GCRD 6326/GEMS 6426
Learning Difficulties in School Mathematics 0.5 unit
 An examination of research on mathematics anxiety, mathematics disabilities, and other learning issues. The course provides an opportunity to use existing tools or to develop specific instruments for determining problematic areas and to plan appropriate teaching strategies.

GCRD 6327/GEMS6427
Interdisciplinary Study of School Mathematics 0.5 unit
 An examination of research on the learning of mathematics in the context of other subject areas, or other fields of applications. This course provides an opportunity to study mathematical experiences that offer meaningful and authentic connections to various topics of educational interest.

GCRD 6328/GEMS 6428

Pedagogical Approaches in School Mathematics 0.5 unit

An examination of pedagogical approaches in mathematics education. Research on techniques beyond direct instruction is investigated with the aim to develop an extensive pedagogical toolbox of strategies for teaching mathematics. While mathematical content is not the major emphasis of the course, it is often the vehicle for discussion of the pedagogical approaches. *Note: Students who have received credit for GEMS 6462 may not take this course for credit.*

GCRD 6329

Curricular Topics in High School Mathematics 0.5 unit

An examination of current perspectives in mathematics education regarding content knowledge at the high school level. Areas to be reviewed include research on students' development of quantitative, algebraic, spatial, and statistical reasoning.

GCRD 6330

Assessment for Learning I 0.5 unit

Prerequisite: Admission to concentration in Supporting Learners with Diverse Needs and Exceptionalities program

A review of educational assessment for learning focusing on the inclusive classroom. Topics include linkages between assessment and program planning, selected professional practice issues, measurement issues, and the role of the teacher and student in the assessment process for school age children and youth. Content also includes a critical analysis of selected tests, strategies and procedures used in the assessment process.

GCRD 6331

Assessment for Learning II 0.5 unit

Prerequisite: GCRD 6330 (may be taken concurrently)

A seminar and practicum course designed to extend knowledge and critical perspectives in integrating assessment information in developing accommodations, adaptations, and individualized program plans. Students critically review the design and development of informal techniques and strategies to enhance the teaching/learning process and practice the administration, scoring, and interpretation of selected instruments.

GCRD 6332

Programming for Students with Learning Differences I 0.5 unit

A critical examination of current practices, research, and educational policies as well as teachers' personal and practical knowledge of student differences. The course will also involve the integration of effective strategies, techniques, and a spectrum of approaches in various discipline areas to support students in school-based learning settings.

GCRD 6333

Programming for Students with Learning Differences II 0.5 unit

Prerequisite: GCRD 6332 (may be taken concurrently)

A seminar and practicum course designed to provide for critical examination and practice in building inclusive learning environments. The course focuses on a critical analysis of the design and implementation of adaptations, accommodations, as well as the use of assistive technology to support learners with various interests, needs and abilities.

GCRD 6334

Classroom Organization and Programming for Learners with Behavioral Challenges 0.5 unit

A consideration of the needs of learners with behavioral challenges, and suggestions for a variety of practices to address those needs. Students have the opportunity to develop practices from both experiences and research and, in the process, become familiar with reviews, journal articles and books in the field. Collaborative approaches to addressing behavioral challenges in the classroom are examined.

GCRD 6335

School Culture and Inclusive Practices 0.5 unit

An exploration of school culture from various perspectives and an examination of how school culture forms and influences inclusionary practices in schools. The course facilitates an inquiry into the issues and challenges to inclusion and offers students opportunities to explore their personal beliefs on inclusion and teaching practices.

GCRD 6353

Research Seminar in Curriculum Studies 0.5 unit

GCRD 6354

Research Seminar in Curriculum Studies 0.5 unit

GCRD 6355

Research Seminar in Curriculum Studies 1.0 unit

A seminar course for MEd or MA students in a topic related to curriculum studies. Topics will vary. *Note: May be taken more than once for credential credit.*

GCRD 6356

Special Topics in Curriculum Studies 0.5 unit

GCRD 6357

Special Topics in Curriculum Studies 0.5 unit

GCRD 6358

Special Topics in Curriculum Studies 1.0 unit

These courses are designed to allow students to study in greater depth a topic in curriculum studies that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course. *Note: May be taken more than once for credential credit.*

GCRD 6382

Bilingualism and Bilingual Education 0.5 unit

Prerequisites: Bachelor of Education and second language teacher training; fluent French and permission of the instructor

An introduction to bilingualism and a survey of bilingual education: principles, history, and models, with special emphasis on immersion schools.

GCRD 6383

Current Issues in Bilingual Education 0.5 unit

Prerequisites: GCRD 6382 and permission of the instructor

A detailed study of current issues in bilingual education, focussing on language acquisition process and interaction in second language classroom settings.

Educational Foundations (GFDD)

General Information

The “foundations of education” are three distinct scholarly traditions of practice – philosophy of education, history of education, and sociology of education – that inform education and conceptualize frameworks for education research. Sociologists of education study social phenomena such as racism and homophobia and how they exist in and are affected by formal and informal educational contexts. Historians of education research documents and artifacts of value to our understanding of past educational practices and their influence today. Philosophers of education analyse key educational concepts such as ‘teaching’ and ‘authority’ and make significant distinctions for educational policy-making and practice.

Our core course offerings in Foundations of Education are the GFDD courses described in the graduate calendar. (To do Foundations at the PhD level, consult webpage.) In our Master’s programs GFDD credit is also given for courses called “foundations designates.” These are courses designated from other graduate programs to support our suggested concentrations. For a list of Foundations Designate courses consult the Mount Graduate Education webpage:
msvu.ca/en/home/programsdepartments/graduatecalendar/graduateprograms/education/educationalfoundations. Students may take a limited number of courses at another university if, in consultation with the Coordinator, this is deemed appropriate to their program.

Here are three suggested areas of study in Foundations, each built around core course offerings:

- Philosophy, History & Sociology of Education: study all the foundations or specialize in one; learn how to use a method of inquiry for individual or collective practice.
- Value, Bias & Social Justice: examine key themes, their socio-historical influence and value for decision-making in policy and practice.
- Arts, Media & Culture: study the arts as historical, sociological, and philosophical projects in teaching, learning and research.

Please note that these areas of study are only suggestions of how you might concentrate your program. Our Program Coordinator will help you design a program plan. Once admitted, you will be assigned a faculty advisor for on-going consultation.

Periodically, Educational Foundations will offer a MEd cohort program (e.g. Feminist Leadership, Foundations of Leadership) in which a specific cohort of students takes a pre-designed program of courses over a two-year period including the summer session. The courses to be taken are all specified in advance and the students in the cohort take the program together. Typically, information sessions are advertised and held in March and the programs commence in September.

Admission Requirements

Students admitted to the Master of Education or Master of Arts in Education programs will possess a bachelor’s degree or its equivalent and minimum average of B (GPA 3.0). Both MEd and MA candidates are required to write a short essay in which they explain their reasons for wanting to undertake graduate study in Educational Foundations. MA candidates

should demonstrate advanced research and writing competencies. Candidates may be asked to submit samples of academic writing to verify adequate preparation for MA work.

Courses -Educational Foundations (GFDD)

GFDD 6510

History of Canadian Education

0.5 unit

This course focuses on the patterns of educational experience in the various regions of Canada. Debates in the historiographical literature are considered in Canadian educational history. Contemporary scholarship on the history of education in the various regions is examined and the strengths and weaknesses of regional and thematic approaches are assessed against conventional forms of historical narration.

GFDD 6511

Race, Culture and Education:

Introduction to Anti-racism Education

0.5 unit

This course examines critical theories of race and culture in educational institutions. It focuses primarily on the ways the concepts of race and culture intersect with issues of gender, sexuality and class in the educational context. In order to

analyse the impact of racial and cultural identifications in education, the course examines specific case studies of majority-minority relations in Canada. In addition, the course explores implications for pedagogical practices, that is how educators ensure that structures of learning address ethnic and racial minority concerns.

GFDD 6512/GCRD 6319

History of Educational Ideas 0.5 unit

An examination of the social, cultural, and ideological forces that have affected ideas about education and their relationship to contemporary educational practices. Various aspects of education such as curriculum design, evaluation, implementation, and research are explored.

GFDD 6513/GCRD 6305

Schooling and Social Justice 0.5 unit

An exploration of the connections between curriculum theorizing and practices, ways in which social issues are brought to bear upon curriculum, and how this is affected by the everyday lived experiences of students and teachers. This course also focuses on developing strategies for socially just classrooms.

GFDD 6514

The Aesthetic in Experience 0.5 unit

An investigation of the role of aesthetic reflection in learning and teaching practices. By taking up art work or a related practice and by discussing readings drawn from different aesthetic perspectives, students will examine how formal engagement affects one's concept of art, when art occurs and how it is practiced.

GFDD 6515

19th and 20th Century Critical Thinkers 0.5 unit

An introduction to critical thinkers in the western radical tradition, such as Marx, Adorno, and Habermas, who have profoundly influenced contemporary intellectual life and practices of educating for emancipatory learning.

GFDD 6516

Gender and Education 0.5 unit

An introduction to issues and debates around questions of gender and education. The course will also provide an overview of current debates within education from a feminist perspective. Students will learn to identify and understand the varieties of feminism existing today and their contributions to the field of education.

GFDD 6517

Teachers, Their Organizations and Decision-Making in Education 0.5 unit

An examination of the historical, and current political/social context of teaching. The major themes of this course may include the relations and conflicts between teachers and their own organizations, government departments, educational administrators, parents and students; and the extent to which teachers have influenced educational policy.

GFDD 6518

Multiculturalism and Education 0.5 unit

An examination of the historical development of multiculturalism in Canada and the impact of official policies such as bilingualism and multiculturalism on educational practice and policy-making.

GFDD 6519/GCYS 6021

Sociology of Childhood and Adolescence 0.5 unit

This course offers an introduction to sociology of childhood and adolescence by examining the historical, contemporary or discursive premises of the field. It will introduce the students to the paradigm of children's agency, investigate childhood and adolescence as a structural form, and explore different areas of research, and their implications for education, schooling, and socialization.

GFDD 6520

Contemporary Philosophy of Education 0.5 unit

Examines philosophy of education in the contemporary era, including work of early twentieth century philosophers of education, and considering the nature of philosophy of education, the role of the analytical tradition in the face of the anti-foundational challenges, and what philosophical inquiry means for teaching and learning.

GFDD 6521

Critical Thinking and Education 0.5 unit

This course addresses several important issues concerning critical thinking, drawing primarily on recent literature. Specific questions will include: How is critical thinking to be characterized? Is critical thinking subject-specific or generalizable? What is the critical spirit? How are critical thinking and creativity related? Is critical thinking possible? At what age should children be introduced to critical thinking? How is critical thinking to be fostered?

GFDD 6522

Open-Mindedness and Education 0.5 unit

This course examines the concept of open-mindedness and explores its relationship to other concepts such as neutrality, commitment, and doubt. Other issues include: The centrality of open-mindedness to the notion of an educated person, the relationship of open-mindedness to particular methods of teaching, the possibility of open-mindedness in teaching in particular subject areas, and the sceptical position that open-mindedness is impossible.

GFDD 6523

Issues in Teaching and Learning: A Philosophical-Historical Perspective 0.5 unit

A philosophical and historical discussion of issues in teaching and learning by focussing on assumptions of different pedagogical approaches and their historical roots.

GFDD 6531

Feminism and Educational Practices 0.5 unit

An advanced course for students who are familiar with basic feminist concepts. A central focus of the course will be to consider relations between gender, theory, practice and politics in education. The course will be inter-disciplinary and international in scope. It will cover a range of feminist within educational practice, research and pedagogies broadly defined.

GFDD 6532

Social Issues in the Curriculum

0.5 unit

This course examines what is learned (and not learned) in schools about social issues, how knowledge is produced through historically contingent practices, and how traditional school curricula provide particular frameworks from within which students “learn about” social issues. It also explores the constraints and the possibilities for critical pedagogy within schools. While the focus is on knowledge in schools, knowledge produced for use in other educational settings may be examined.

GFDD 6542

Education and Public Policy

0.5 unit

This course is concerned with how educational policies are formulated and how they might be better formulated. Consideration is given to the broad goals of Canadian education that policy-makers have attempted to define and accomplish. Commonly used techniques for formulating policy are examined and one or more major policy initiatives in Nova Scotia are assessed.

GFDD 6543

The Politics of Education

0.5 unit

Students in this course will be asked to:

1. examine the political dimensions of schools, school systems, and provincial educational authorities;
2. explore the various meanings and levels of meanings of “politics” and “political” in education;
3. analyze relationships of power, authority, and influence in educational settings;
4. relate the political aspects of education in settings with which they are familiar to broader political questions.

GFDD 6553

Research Seminar in Educational Foundations

0.5 unit

GFDD 6554

Research Seminar in Educational Foundations

0.5 unit

GFDD 6555

Research Seminar in Educational Foundations

1.0 unit

A seminar course for MEd or MA students in a topic related to Educational Foundations. Topics will vary. *Note: May be taken more than once for credential credit.*

GFDD 6556

Special Topics in Educational Foundations

0.5 unit

GFDD 6557

Special Topics in Educational Foundations

0.5 unit

GFDD 6558

Special Topics in Educational Foundations

1.0 unit

These courses are designed to allow students to study in greater depth a topic in Educational Foundations that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course. *Note: May be taken more than once for credential credit.*

Educational Psychology (GEPY)

General Information

The Educational Psychology program offers a Master of Education non-thesis and Master of Arts in Education thesis degree programs in four concentrations: Evaluation, Human Relations, Education of the Blind or Visually Impaired and Education of the Deaf or Hard of Hearing.

Full-time students entering the Evaluation or Human Relations concentration program in September should plan their program to include courses offered during the May/June session. Students wishing to complete the program earlier must receive permission from their faculty advisor. The program concentrations for the Blind or Visually Impaired and the Deaf or Hard of Hearing are generally started in April/May.

Admission Requirements

Minimum requirements for admission to the human relations and evaluation concentrations are a bachelor's degree and evidence of one year successful teaching or equivalent professional experience. For those teaching in the public school system, a BEd or its equivalent is also required. Those involved in other educational settings are encouraged to apply.

Minimum requirements for admission to the concentrations for the education of the blind or visually impaired and for the education of the deaf or hard of hearing are a Bachelor of Education or equivalent and one year successful teaching experience in the public school system. For teachers with previous training in the education of students who are blind, visually impaired, deaf or hard of hearing, a thesis option is available.

Only students who show the potential to perform well in graduate studies, normally a minimum average of B (GPA 3.0) and positive letters of recommendation will be considered for admission.

Admission to the program is on a competitive basis. Meeting minimum requirements does not guarantee admission.

Education of Students who are Blind or Visually Impaired Concentration

Note: The next program is scheduled to start in May 2015.

Students should be aware that this program is a part-time program and is offered using a combination of on-campus summer institutes which are compulsory, distance delivery using various means such as Moodle, and entails a practicum located in various geographic areas. Costs associated with the practicum and with travel are the responsibility of the student. Program guides provided to students upon acceptance also contain specific information governing professional practice, program and personal requirements.

This concentration is offered by Mount Saint Vincent University with the support of the Atlantic Provinces Special Education Authority (APSEA). The graduate degree concentrating on the education of students with visual impairments is designed to prepare educators to become specialists in the education of those who are blind or visually impaired. Children and youth who are visually impaired or blind make up an extremely heterogeneous population. Educational programming needs vary in relation to such factors as the degree of vision loss, age, the presence of other disabilities, and the nature of the eye condition. The program is designed to prepare teachers, beyond the

traditional teacher training, to teach the specialized curricula associated with disability-specific skills such as Braille, orientation and mobility, efficient use of residual vision, use of adaptive technology and equipment, and independent living skills. It also prepares teachers to work effectively as team members, consultants, and case managers collaborating with others involved in programming for students who are blind or visually impaired (e.g., parents, regular classroom teachers, medical personnel).

Master of Education (Educational Psychology): Education of Students who are Blind or Visually Impaired

Students registered in the Master of Education in Educational Psychology non-thesis program for the education of students with visual impairment must complete 5.5 units of coursework.

Note: As part of its continuous review process the MEd for Education of Students who are Blind or Visually Impaired may be updated to meet the changing demands of the profession. Student programs will be devised in accordance with current requirements and may vary from listed courses.

This concentration is offered by Mount Saint Vincent University with the support of the Atlantic Provinces Special Education Authority (APSEA). The graduate degree program concentrating on the education of students who are deaf or hard of hearing is designed to prepare educators to become specialists in the education of those who are deaf or hard of hearing. Providing for the educational needs of this population requires not only a solid background in general education and the principles of inclusion, but also highly specialized experience and skills to meet the unique needs of these learners. The program is designed to help educators develop knowledge and skills in the areas of audiology, speech, language acquisition, sign language, literacy and the modification/adaptation of curricula.

Master of Education (Educational Psychology): Education of Students who are Deaf or Hard of Hearing

Students registered in the Master of Education non-thesis program for the education of students who are deaf or hard of hearing must complete 5.5 units of coursework.

Evaluation Concentration

Note: The Evaluation Concentration is under review and may be available in the 2014-2015 academic year. Specific updates will be available online when approved. Please consult with the program head.

Designed to support the development of elementary and secondary school teachers and administrators, and other educators, including nurse educators, community college educators, and personnel in the Department of National Defence in the area of evaluation. This program is intended for those who wish to enhance their evaluation skills as an educator and member of the school community or another educational setting, and who may fulfill a leadership role as a resource person in the area of evaluation. The Evaluation concentration is designed to provide a critical examination of, and skill enhancement in various aspects of evaluation practice including evaluation in the classroom, program evaluation and psychometrics (testing). Current issues in Evaluation are explored, accompanied by an examination of various ideas about research, teaching and learning, as they relate to evaluation. In addition, the graduate degree provides preparation to undertake research.

Human Relations Concentration

The Human Relations concentration is designed to support the development of elementary and secondary school teachers and administrators, and other educators, including nurse educators, community college educators, personnel in the Department of National Defence, and others, in the area of human relations. This concentration is designed to help educators respond effectively to their multiple roles by becoming more adept with issues in the area of human relations, while maintaining teaching as their central responsibility. The program offers support to teachers to integrate their responses to students' personal and social needs within the regular curriculum. It is intended for those who wish to enhance their human relations skills as an educator and member of the school community or another educational setting and who may fulfill a leadership role as a resource person in the area of human relations. In addition, the graduate degree provides preparation to undertake research. **Students are advised that this program does not provide preparation to be a counsellor and are referred to Acadia University's School of Education for information concerning a graduate degree in counselling.**

Courses - Educational Psychology (GEPY)

- GEPY 6601 0.5 unit
Statistics
The course focuses attention on descriptive statistics, inferential statistics, correlation, analysis of variance, factorial experiments, and analysis of covariance. It also introduces the student to the use of one statistical computer package.

GEPY 6602

Theories of Learning:

Contemporary Perspectives 0.5 unit

An examination of learning, thinking and thinking about thinking from a number of learning theory perspectives. Historical and more contemporary versions of behavioural and cognitive learning theories will be explored. Consideration of emerging constructivist, contextual theories and theories of situated cognition will provide students with contemporary perspectives of this evolving field.

GEPY 6603

Curriculum and Program Evaluation 0.5 unit

Prerequisite: GEDU 6170 or equivalent

A review of contemporary methods for evaluating social programs, particularly educational programs and curricula. Students will learn to choose among models, design evaluation studies, and critically appraise evaluation reports. Results of major program and curriculum evaluations will be studied.

GEPY 6604

Problems in Educational

Measurement and Assessment 0.5 unit

Prerequisite: GEDU 6170 or equivalent

An intermediate course designed to examine the foundations of measurement and the implications these have for the principles and practice of standardized testing.

GEPY 6605

Evaluation in the Classroom 0.5 unit

Prerequisite: GEDU 6170

A critical examination of theories and practices in classroom evaluation. The focus of the course is on current classroom practice and the establishment of principles which guide "best" practice. Examples from students' own experience will be used, as well as cases contributed by the instructor. The relationship of classroom evaluation practice to larger system evaluation issues will be explored. Students will have an opportunity to undertake an in-depth exploration of a particular aspect of evaluation in the classroom.

GEPY 6606

Values Reasoning 0.5 unit

An analysis of issues using the process of values reasoning. This process involves assessing value questions or claims, making justified value judgements and resolving value conflicts. Values reasoning entails viewing issues with greater insight, dealing with complexity, understanding different perspectives, developing empathy and acceptance and becoming more sensitive to the ethical dimensions of issues and problems.

GEPY 6607

Practicum in Evaluation 0.5 unit

Prerequisites: GEPY 6603 and GEDU 6170 and registration in the Evaluation concentration

This course involves seminar meetings and individual placements in schools or other agencies to work with personnel responsible for program evaluation. Designed to provide experience with planning, conducting and reporting on program evaluations. Issues addressed in the seminar will include working as part of an evaluation team, working with program personnel, the politics of program evaluation, keeping track of the evaluation process, and ethical conduct,

as well as other issues based on student needs as they arise in the practicum.

GEPY 6608

Intermediate Statistics and Research Design 0.5 unit

Prerequisite: GEPY 6601 or equivalent

This course examines more advanced topics in analysis of variance such as repeated measures in one-way and factorial designs. It also includes multiple regression and multivariate statistics such as discriminant analysis and factor analysis. The use of data analysis by computer is emphasized.

GEPY 6641

Theory and Practice of Human Relations I 0.5 unit

GEPY 6642

Theory and Practice of Human Relations II 0.5 unit

Introductory courses which explore the dynamics of human communication and relationships, with particular attention to relationships in educational settings. Support of effective communication is given particular attention. An emphasis is placed on experiential approaches to developing skills.

GEPY 6643

Current Theories of Personality 0.5 unit

A study of the meaning, various theories, structure and fundamental principles involved in the development of the methods and results of personality study and measurement.

GEPY 6644

Group Process in Education 0.5 unit

Explores the dynamics of groups and group communication, formation of groups, and stages (initial, transition, working and ending) of groups. The relationship of classes of students and groups of teaching staff to group process will be examined. There will be an emphasis on the skills and attitudes required to become an effective member of a group. Students will develop their skills through experience as a member of a group.

GEPY 6645

Mediation and Conflict Resolution 0.5 unit

The course will focus on learning how to respond to conflict in classrooms, how to support students involved in conflict, and how to support students to develop strategies to independently respond to conflict, as classroom teachers. Consideration will be given to conflict resolution in relationships with colleagues. Examples will be taken from students' own professional experiences as well as cases provided by the instructor. An emphasis on an experiential approach is followed throughout the course.

GEPY 6646

Human Relations Program Design 0.5 unit

An evaluation of programs for psychological services and curriculum in human relations from a variety of frameworks. Programs may include anger management, self-esteem, anti-bullying, sexuality and gender relations. Students also design new programs or revise existing programs to reflect their choice of frameworks and consider implementation strategies for school and workplace settings.

GEPY 6647
Issues in Human Relations 0.5 unit
Prerequisite: registration in the Human Relations route.
This is normally the last course taken in the Human Relations concentration
 A seminar designed to help achieve synthesis of the program and to provide an opportunity to explore issues of interest to individual students. An opportunity to review assumptions about human relations in the light of current research and practice and to reflect on one's own perspective. Students will engage in in-depth study in a human relations issue relevant to their professional practice.

GEPY 6653
Research Seminar in Educational Psychology 0.5 unit
 GEPY 6654
Research Seminar in Educational Psychology 0.5 unit
 GEPY 6655
Research Seminar in Educational Psychology 1.0 unit
 A seminar course for MEd or MA students in a topic related to Educational Psychology. Topics will vary. *Note: May be taken more than once for credential credit.*

GEPY 6656
Special Topics in Educational Psychology 0.5 unit
 GEPY 6657
Special Topics in Educational Psychology 0.5 unit
 GEPY 6658
Special Topics in Educational Psychology 1.0 unit
 These courses are designed to allow students to study in greater depth a topic in educational psychology that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course. *Note: These courses may be taken more than once for credential credit.*

Note: The following courses are specialized courses for the education of the blind or visually impaired and the deaf or hard of hearing. Courses are taught online for Fall, Winter and Spring. The summer courses normally are taught off-campus at the Atlantic Provinces Special Education Authority (APSEA) in Halifax. As well, students should be aware that practicums in the first and second year of the program are required. These normally involve concentrations of 4 weeks in the first year and 6 weeks in the second year in sites selected by the program committee in consultation with the field and the student. It is important to note that while program representatives consult with students, options for placement are determined based on availability and may involve travel and/or relocation for brief periods.

GEPY 6903
Audiology/Auditory Development for Students who are Deaf/Hard of Hearing 0.5 unit
 An introduction to audiology, auditory development, auditory training, speech reading, speech perception and production and speech teaching methods. Each topic is covered in module format.

GEPY 6904
Aural/Oral Rehabilitation 0.5 unit
 An introduction to aural/oral rehabilitation with a focus on the use of remedial hearing including the use of hearing aids and cochlear implants.

GEPY 6905
Communication for the Deaf/Hard of Hearing 0.5 unit
 An examination of the linguistics of visual, non-verbal language codes. Students will be introduced to different sign language codes, with particular emphasis on ASL and Signed English, and their applications in educational and social settings. The course will also provide students the opportunity to develop skills at a basic level in the receptive and expressive use of sign language.

GEPY 6906
Seminar and Internship in Deaf Education 1.0 unit
 A minimum of 500 hours of observation and student teaching of deaf children at all levels from preschool to high school and in all settings, including self-contained settings, inclusive settings, one to one instruction, consultation and direct service. The seminar component of the course provides trainees with the opportunity for discussion and feedback on the internship experience. The internship will focus on the development of such skills as the identification of the special educational needs of deaf children; use of appropriate and differentiated teaching methods; planning, delivery and evaluation of an appropriate curriculum; effective time management in a range of educational settings; working effectively with professional colleagues and other adults; promotion of language development and communication skills in deaf children.

GEPY 6907
Special Topics in Deaf/Hard of Hearing 0.5 unit
 GEPY 6908
Special Topics in Deaf/Hard of Hearing 0.5 unit
Prerequisite: permission of the instructor
 These courses are designed to allow students to study in greater depth a topic in Deaf Education that is treated more briefly in another graduate course or a related topic not covered in another graduate course.

GEPY 6909
Implications of Deafness for Diagnostic Assessments and Curriculum Access I 0.5 unit
 An introduction to current knowledge in the area of assessment, curriculum development and implementation for students who are deaf or hard of hearing. *Note: Students who have received credit for GEPY 6901 may not take this course for credit.*

GEPY 6910
Implications of Deafness for Diagnostic Assessments and Curriculum Access II 0.5 unit
 A more advanced course in assessment, curriculum development and strategies for curriculum implementation for students who are deaf or hard of hearing. This course will focus on the adaptation of current public school curriculum for students who are deaf or hard of hearing. *Note: Students who have received credit for GEPY 6901 may not take this course for credit.*

GEPY 6911

Functional Implications of Visual Impairment 0.5 unit

This course examines the educational and rehabilitative implications of visual dysfunction. Structure and function of the visual system including the neural pathways are examined. The assessment of visual performance, both medical and functional, is examined. The interpretation of ophthalmic and optometric data essential for individualized program planning with the visually impaired is addressed.

GEPY 6912

Foundations of Orientation and Mobility for Teachers of the Visually Impaired

0.5 unit

This course is designed to introduce the student to the principles and fundamentals of orientation and mobility. Emphasis is placed on the study of the human sensory motor systems, concept formation, and spatial orientation as these topics relate to environmental orientation and mobility. The student will gain insight into travel problems of the visually impaired, travel options (e.g., dog guide, sighted guide, long cane), the effective use of remaining senses, and methodologies in orientation and mobility skills for those who are totally blind, have low vision or who have multiple disabilities. The orientation and mobility needs of individuals of various ages will also be presented.

GEPY 6913

Literacy for Students who are Blind/Visually Impaired

0.5 unit

An examination of the implications for both the learner and the educator when the student must use tactual codes for reading, writing, and mathematics. The topics will include: the development of tactual codes; a comparison of visual and tactual perception; braille reading readiness; principles of teaching braille reading and writing; the Nemeth code and teaching strategies; and codes used for music, foreign languages, and computer programming. The student will be required to master the Grade II level of the braille literary code and the Nemeth code for mathematics.

GEPY 6914

Assistive Technology for Students who are Blind/Visually Impaired

0.5 unit

An examination of technology designed or adapted for students with a visual impairment. The main focus of the course will be to acquaint students with electronic reading/writing/typing systems; tactile and spoken word output reading machines; braille, speech and large print computer terminals and microcomputers; and other adaptive technological devices currently being implemented in educational programs for students who are visually impaired. Hands-on experience with commercially available devices will help students to develop skills in equipment operations and interfacing.

GEPY 6915

Assessment and Program Planning for Students with a Visual Impairment

0.5 unit

The focus of this course is a critical analysis of assessment including psychometric tests; curriculum-based assessment; informal assessment; and observations, as well as the function of assessment in relation to adaptive instruction for the visually impaired. Implications for interpreting test results relative to the implications of visual impairment upon test performance will be examined. This course prepares the participant to function as a member of a multidisciplinary team

in educational settings. Skills in administering a variety of assessment tools, planning and implementing teaching strategies, and evaluating the teaching process will be developed.

GEPY 6917

Seminar and Internship

1.0 unit

A minimum of 350 hours of field-based practicum experience is required. These may be arranged in the following settings: itinerant programs for school age children; residential programs for students with a visual impairment; itinerant programs for preschool children; regular classrooms in which a student with a visual impairment is integrated; consultant-teacher position; other agencies/programs serving those with a visual impairment. In most placements, students will be assigned specific teaching responsibilities under the direction of the supervising staff member. Each student will be expected to complete observations and teaching assignments in a variety of settings during their internship.

GEPY 6918

Curriculum and Instructional Strategies for Students with Visual Impairments I

0.5 unit

An introduction to strategies and techniques required to adapt curricula to make it accessible to students with a visual impairment. The focus will be on strategies to teach disability specific skills essential to the learner with limited visual input. *Note: Students who have received credit for GEPY 6919 may not take this course for credit.*

GEPY 6919

Curriculum and Instructional Strategies for Students with Visual Impairments II

0.5 unit

Prerequisite: GEPY 6918

An examination of curriculum development and adaptation in various educational programs. The course focuses on the implications of educating students with a visual impairment in the regular classroom. *Note: Students who have received credit for GEPY 6919 may not take this course for credit.*

GEPY 6920

Special Topics in the Education of Learners with Visual Impairments

0.5 unit

GEPY 6921

Special Topics in the Education of Learners with Visual Impairments

0.5 unit

These courses are designed to enable students to study a topic in education learners with visual impairments in greater depth a topic in visual impairment that is treated more briefly in another graduate course or a related topic not covered in another graduate course.

GEPY 6922

A Comparative Analysis of Language Development in Students with Normal Hearing and Students Who are Deaf or Hard of Hearing I

0.5 unit

An introduction to linguistics, theories of language development, and the process of language acquisition in children who are deaf or hard of hearing. *Note: Students who have received credit for GEPY 6902 may not take this course for credit.*

GEPY 6923

A Comparative Analysis of Language

Development in Students with Normal Hearing

and Students Who are Deaf or Hard of Hearing II 0.5 unit

An advanced examination of linguistics, theories of language development, and the process of language acquisition in children who are deaf or hard of hearing. The course also focuses on the development of literacy skills including teaching English as a second language to, and the diagnostic assessment of reading achievement of, students who are deaf or hard of hearing. *Note: Students who have received credit for GEPY 6902 may not take this course for credit.*

Elementary and Middle School Education (GEMS)

General Information

The MEd and MA programs in Elementary and Middle School Education are curriculum-based and are primarily concerned with teacher development. The programs focus on curriculum and teaching, and the relationship between them. They are grounded in a broad concept of research that encourages the critical examination of teaching in elementary and middle and junior high schools. Throughout the programs students examine their own teaching and are encouraged to develop their own curriculum materials.

Admission Requirements

To be admitted to a Master of Education degree program, the student must ordinarily have:

1. a bachelor's degree and a Bachelor of Education or equivalent, and
2. at least one year of successful teaching experience, normally at the elementary or middle school level.

Only students who have shown the potential to perform well in graduate studies, normally a minimum average of B (GPA 3.0) and positive letters of recommendation) will be considered for admission.

Admission is on a competitive basis. Meeting minimum requirements does not guarantee admission. At present, a limited number of students on a part-time basis are admitted every year. Students who wish to study full-time should contact the program head.

Master of Education (Elementary and Middle School Education)

This program requires the completion of 5.0 units of coursework. Some students may be required to complete additional prerequisite courses.

Courses - Elementary and Middle School (GEMS)

Creative Arts

GEMS 6410

Art in the Elementary and Middle School Curriculum: Theory and Practice I

0.5 unit

Prerequisite: permission of the instructor

This course will deal with curricular applications and organization in art in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6411

Art in the Elementary and Middle School Curriculum: Theory and Practice II

0.5 unit

Prerequisites: GEMS 6410 and permission of the instructor

This course will deal with curricular applications and organization in art in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6412

Creative Arts in the Elementary and Middle School Curriculum: Theory and Practice I 0.5 unit

Prerequisite: permission of the instructor

This course will deal with curricular applications and organization in the creative arts in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6413

Creative Arts in the Elementary and Middle School Curriculum: Theory and Practice II 0.5 unit

Prerequisites: GEMS 6412 and permission of the instructor

This course will deal with curricular applications and organization in the creative arts in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6414

Drama in the Elementary and Middle School Curriculum: Theory and Practice I 0.5 unit

Prerequisite: permission of the instructor

This course will deal with curricular applications and organization in drama in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6415

Drama in the Elementary and Middle School Curriculum: Theory and Practice II 0.5 unit

Prerequisites: GEMS 6414 and permission of the instructor

This course will deal with curricular applications and organization in drama in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6416

Music in the Elementary and Middle School Curriculum: Theory and Practice I 0.5 unit

Prerequisite: permission of the instructor

This course will deal with curricular applications and organization in music in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6417

Music in the Elementary and Middle School Curriculum: Theory and Practice II 0.5 unit

Prerequisites: GEMS 6416 and permission of the instructor

This course will deal with curricular applications and organization in music in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6418

Special Topics in Elementary and Middle School Creative Arts 1.0 unit

GEMS 6419

Special Topics in Elementary and Middle School Creative Arts 0.5 unit

Prerequisite: permission of the instructor

These courses are designed to allow students to study in greater depth a topic in the creative arts that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course.

Foundations

GEMS 6421

Principles and Practices of Curriculum Construction 0.5 unit

Prerequisite: permission of the instructor

Concepts of the curriculum: basic principles of construction; social influence; selection of subject matter; placement problems; organization of instruction; evaluation of outcome.

GEMS 6422

Knowledge and the Curriculum 0.5 unit

Prerequisite: permission of the instructor

A study of the implications of the nature of knowledge for the elementary and middle school curriculum: the conditions of knowledge; the structure of knowledge theories; the patterns of curriculum; the current debate on curriculum; the justification of curricular decisions.

GEMS 6423

Crucial Issues in Elementary and Middle School Education 0.5 unit

Prerequisite: permission of the instructor

The course addresses a range of crucial issues related to the foundations of elementary and middle school education. It focuses on such issues as the changing child, school, aims, and social attitudes; curriculum, teaching, assessment; and alternatives to schooling. The topic under which the issues will be discussed may vary from year to year.

GEMS 6424

Seminar and Project: Focus on Teaching 0.5 unit

Prerequisite: permission of the instructor

This course is designed to integrate the student's coursework through the completion of a project related to some aspect of elementary or middle school education. It will normally be the last course students take in the Master of Education, elementary and middle school education program.

GEMS 6425

Special Topics in Elementary and Middle School Education: Psychological Perspectives 0.5 unit

Prerequisite: permission of the instructor

This course is designed to allow students to study in greater depth topics in psychological issues relating to elementary and middle school education.

French

GEMS 6431

French in the Elementary and Middle School Curriculum: Theory and Practice I 0.5 unit

Prerequisite: permission of the instructor

This course will deal with curricular applications and organization in French in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6432

French in the Elementary and Middle School Curriculum: Theory and Practice II 0.5 unit

Prerequisites: GEMS 6431 and permission of the instructor

This course will deal with curricular applications and organization in French in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6436 Special Topics in Elementary and Middle School French	1.0 unit
GEMS 6437 Special Topics in Elementary and Middle School French	0.5 unit
<i>Prerequisite: permission of the instructor</i>	
These courses are designed to allow students to study in greater depth a topic in French that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course.	
Language Arts	
GLIT 6727 Literacy Learning I	0.5 unit
See Literacy Education course listings.	
GLIT 6728 Literacy Learning II	0.5 unit
See Literacy Education course listings.	
GEMS 6446 Special Topics in Language Arts	1.0 unit
GEMS 6447 Special Topics in Language Arts	0.5 unit
<i>Prerequisite: permission of the instructor</i>	
These courses are designed to allow students to study in greater depth a topic in language arts that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course.	
Mathematics	
GEMS 6426/GCRD 6326 Learning Difficulties in School Mathematics	0.5 unit
An examination of research on mathematics anxiety, mathematics disabilities, and other learning issues. The course provides an opportunity to use existing tools or to develop specific instruments for determining problematic areas and to plan appropriate teaching strategies.	
GEMS 6427/GCRD 6327 Interdisciplinary Study of School Mathematics	0.5 unit
An examination of research on the learning of mathematics in the context of other subject areas, or other fields of applications. This course provides an opportunity to study mathematical experiences that offer meaningful and authentic connections to various topics of educational interest.	
GEMS 6428/GCRD 6328 Pedagogical Approaches in School Mathematics	0.5 unit
An examination of pedagogical approaches in mathematics education. Research on techniques beyond direct instruction is investigated with the aim to develop an extensive pedagogical toolbox of strategies for teaching mathematics. While mathematical content is not the major emphasis of the course, it is often the vehicle for discussion of the pedagogical approaches. <i>Note: Students who have received credit for GEMS 6462 may not take this course for credit.</i>	
GEMS 6429 Curricular Topics in Elementary and Middle School Mathematics	0.5 unit
An examination of current perspectives in mathematics education regarding content knowledge at the elementary and middle school levels. Areas to be reviewed include research	

on students' development of quantitative, algebraic, spatial, and statistical reasoning. *Note: Students who have received credit for GEMS 6461 may not take this course for credit.*

GEMS 6466 Special Topics in Elementary and Middle School Mathematics	1.0 unit
GEMS 6467 Special Topics in Elementary and Middle School Mathematics	0.5 unit
<i>Prerequisite: permission of the instructor</i>	
These courses are designed to allow students to study in greater depth a topic in elementary and middle school mathematics that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course.	

Science

GEMS 6471 Science in the Elementary and Middle School Curriculum: Theory and Practice I	0.5 unit
<i>Prerequisite: permission of the instructor</i>	
This course will deal with curricular applications and organization in science in the elementary and middle school as they arise from the examination of theoretical perspectives.	
GEMS 6472 Science in the Elementary and Middle School Curriculum: Theory and Practice II	0.5 unit
<i>Prerequisites: GEMS 6471 and permission of the instructor</i>	
This course will deal with curricular applications and organization in science in the elementary and middle school as they arise from the examination of theoretical perspectives.	

GEMS 6476 Special Topics in Elementary and Middle School Science	1.0 unit
GEMS 6477 Special Topics in Elementary and Middle School Science	0.5 unit
<i>Prerequisite: permission of the instructor</i>	
These courses are designed to allow students to study in greater depth a topic in elementary and middle school science that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course.	

Social Studies

GEMS 6481 Social Studies in the Elementary and Middle School Curriculum: Theory and Practice I	0.5 unit
<i>Prerequisite: permission of the instructor</i>	
This course will deal with curricular applications and organization in social studies in the elementary and middle school as they arise from the examination of theoretical perspectives.	
GEMS 6482 Social Studies in the Elementary and Middle School Curriculum: Theory and Practice II	0.5 unit
<i>Prerequisites: GEMS 6481 and permission of the instructor</i>	
This course will deal with curricular applications and organization in social studies in the elementary and middle school as they arise from the examination of theoretical perspectives.	

GEMS 6486
Special Topics in Elementary and Middle School Social Studies 1.0 unit

GEMS 6487
Special Topics in Elementary and Middle School Social Studies 0.5 unit

Prerequisite: permission of the instructor

These courses are designed to allow students to study in greater depth a topic in elementary and middle school social studies that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course.

Values/Morals/Religious Education

GEMS 6491
Values/Moral/Religious Education: Theory and Practice I 0.5 unit

Prerequisite: permission of the instructor

This course will deal with curricular applications and organization in values/moral/religious education in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6492
Values/Moral/Religious Education: Theory and Practice II 0.5 unit

Prerequisites: GEMS 6425 and permission of the instructor

This course will deal with curricular applications and organization in values/moral/religious education in the elementary and middle school as they arise from the examination of theoretical perspectives.

GEMS 6496
Special Topics in Values/Moral/Religious Education 1.0 unit

GEMS 6497
Special Topics in Values/Moral/Religious Education 0.5 unit

Prerequisite: permission of the instructor

These courses are designed to allow students to study in greater depth a topic in values/moral/religious education that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course.

Literacy Education (GLIT)

General Information

The Master of Education and Master of Arts in Education programs in Literacy Education are intended to help educators respond confidently and effectively to the varied and complex demands of fostering literacy learning in a range of contexts including schools and community sites. The programs combine a focus on theoretical understandings of current research and issues in literacy education with an exploration of implications for practice. These degrees may be completed on a full-time or part-time basis. The MEd degree is available at some off-campus locations.

Admission Requirements

Minimum requirements for admission to the programs are a bachelor's degree or its equivalent and related experience. See 2.1.8 Recognizing Prior Learning. Normally, a minimum average of B (GPA 3.0) is required for admittance.

Master of Education (Literacy Education)

This program requires the completion of 5.0 units of coursework. Some students may be required to complete additional prerequisite courses.

Courses - Literacy Education (GLIT)

GLIT 6724

Literature for Children and Young Adults I 0.5 unit

An examination of children's literature and the teaching of literacy. Part I examines the variety of children's literature, along with current issues in teaching and selection. Analysis, evaluation and selection of literary works meeting the diverse needs, interests and cultures of today's classrooms will be highlighted. *Note: Students who received credit for GLIT 6723 may not take this course for credit.*

GLIT 6725

Literature for Children and Young Adults II 0.5 unit

A review of pedagogical strategies for teaching literacy through children's literature. Part II examines the pedagogy of teaching reading, writing and content topics using children's literature. Students will have the opportunity to explore the pedagogy of teaching special interest areas of children's literature and will examine home-to-school-to-community connections. *Note: Students who received credit for GLIT 6723 may not take this course for credit.*

GLIT 6727

Literacy Learning I 0.5 unit

An entry-level graduate literacy course. This course examines the nature of language, learning and what it means to be literate.

GLIT 6728

Literacy Learning II 0.5 unit

Prerequisite: GLIT 6727

A continuation of GLIT 6727. This course examines how teachers' beliefs about language, learning, and what it means to be literate shape curricula and pedagogies for literacy learning.

GLIT 6729

Pedagogy of Literacy Learning 0.5 unit

Prerequisite: GLIT 6728

This course examines the assumptions and practices entailed in promoting literacy learning in a wide variety of settings.

GLIT 6730

Reflection on Literacy Learning and Teaching 0.5 unit

Prerequisite: GLIT 6729

This course will engage students in an examination of their assumptions/beliefs about learning and teaching. A continuation of GLIT 6729, this course will require students to compile a portfolio of work consisting of artifacts and reflections from their learning in the graduate education program as well as from their classrooms. This is normally the last course taken in the MEd in the Literacy Education program.

GLIT 6731/GCRD 6324

Cultural Politics and the Teaching of English 0.5 unit

This course traces the social, cultural and institutional functions of the subject English to provide an understanding of how it is a form of cultural politics. The course examines contemporary critical theories and the cultural politics of media (print, electronic, visual) as a means of expanding possibilities of teaching English as a socially progressive subject.

GLIT 6732/GCRD 6325

Reading and Teaching Popular Culture 0.5 unit

This course focuses on the educational and pedagogical dimensions of popular culture. It provides theoretical frameworks, namely, those of cultural studies and critical literacy, to explore the variety of literacies practised in contemporary multi-mediated cultures and the complex social processes brought to bear on the teaching and reading of popular culture.

GLIT 6753

Research Seminar in Literacy Education 0.5 unit

GLIT 6754

Research Seminar in Literacy Education 0.5 unit

A course designed for students in the Master of Arts Program in literacy education. *Note: May be taken more than once for credential credit.*

GLIT 6756

Special Topics in Literacy Education 0.5 unit

GLIT 6757

Special Topics in Literacy Education 0.5 unit

GLIT 6758

Special Topics in Literacy Education 1.0 unit

These courses are designed to allow students to study in greater depth a topic that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course. *Note: May be taken more than once for credential credit.*

GLIT 6771

Issues in Language and Literacy

Research and Practice 0.5 unit

A seminar course allowing for an examination of selected topics in language and literacy research and practice.

GLIT 6772

Issues in Language and Literacy Research 0.5 unit

A seminar course allowing for an examination of selected topics in language and literacy research.

GLIT 6792

Theory and Practice of Writing 1.0 unit

An examination of the role of writing as a literate activity. Students will develop their own writing in a number of genres, study the historical roots of writing instruction, and examine critically the philosophical and pedagogical implications of teaching and learning writing from several cultural and epistemological perspectives.

Studies in Lifelong Learning (GSLL)

General Information

The Master of Education (non-thesis) and Master of Arts in Education degree programs in Studies in Lifelong Learning engage students in an exploration of lifelong learning processes in a wide range of social, institutional and cultural contexts. Students involved with or interested in adult basic education, adult literacy, community development, citizenship, cross-cultural learning, women's learning, environmental education, workplace learning, post-secondary education, popular education, and continuing professional development will all benefit from these programs. Courses in the degree use a critical analytical approach to prepare those concerned with lifelong learning to work and learn in a variety of lifelong learning contexts and to address a range of contemporary learning challenges.

Admission Requirements

Students admitted to the Master of Education or Master of Arts in Education program will possess a bachelor's degree or its equivalent with a minimum overall average of B (GPA 3.0). Both MED and MA candidates are required to write a short essay in which they outline their reasons for wanting to undertake graduate study in studies in lifelong learning. All students should also demonstrate a commitment to studies in lifelong learning in their professional or community roles and work. MA candidates should demonstrate advanced research and writing competencies. Candidates may be asked to submit samples of academic writing to verify adequate preparation for MA work.

Master of Education (Studies in Lifelong Learning)

This program consists of 5.0 units of coursework including a project. This degree may be completed on either a full-time or part-time basis.

Courses - Studies in Lifelong Learning (GSLL)

GSLL 6200

Introduction to Studies in Lifelong Learning 0.5 unit
An introduction to the important conceptual frameworks and vocabularies of studies in lifelong learning. A consideration of diverse perspectives, essential concepts, key practices and central issues in studies in lifelong learning in order to understand and address the central learning challenges of our times.

GSLL 6201

The Historical Legacy of Studies in Lifelong Learning 0.5 unit
An introduction to the rich historical legacy of studies in lifelong learning.

GSLL 6202

Contemporary Perspectives in the Study of Lifelong Learning 0.5 unit
A consideration of key contemporary contributors to studies in lifelong learning. This course engages students in an in-depth examination of the theories and practices of select contemporary topics in the field.

GSLL 6206

Lifelong Learning Processes 0.5 unit
An exploration of the distinguishing features of lifelong learning processes including an investigation of the ways lifelong learning in adulthood connects to processes of social and cultural reproduction and development. Explores the impact of broader physical, social and cultural contexts on lifelong learning processes.

GSLL 6207

Graduate Seminar in Lifelong Learning 0.5 unit
An advanced exploration of theoretical and research issues related to studies in lifelong learning.

GSLL 6211

Lifelong Learning and Culture 0.5 unit
A consideration of lifelong learning as a cultural practice. The course examines the nature of contemporary post-modern culture and its implications for lifelong learning.

GSLL 6212

Methods for Fostering Lifelong Learning 0.5 unit

An overview of effective processes for fostering lifelong learning. Students examine various perspectives on best practices in lifelong learning contexts while continuing to develop their skills with various teaching and learning methods.

GSLL 6213

Diversity Issues in Lifelong Learning 0.5 unit

A consideration of how and why human societies historically and currently socially construct differences in people's characteristics (for example, race, gender, sexual orientation, ethnicity, age, abilities and class) and how these social constructions influence lifelong learning. Students explore ways of developing non-discriminatory lifelong learning practices and social justice.

GSLL 6214

Community Education and Development 0.5 unit

A consideration of the limitations and potentialities of lifelong learning in the community. Students will develop their capacities to enhance learning in the community by engaging in projects within the community itself.

GSLL 6215

Continuing Professional Education 0.5 unit

A consideration of a range of contemporary continuing professional education issues and innovations. In a series of practical exercises, students develop expertise as continuing professional education instructors and planners. Special attention is paid to the workshop as an important continuing professional education venue.

GSLL 6216

Creating the Educative Workplace 0.5 unit

An overview of the contemporary reorganization of work and an investigation of the implications for lifelong learning in the workplace.

GSLL 6217

Lifelong Learning in Post-Secondary Institutions 0.5 unit

A consideration of lifelong learning in post-secondary institutions, with a focus on vocational colleges, community colleges, and universities. An examination of issues in post-secondary education such as the impact of new technologies, the purpose and mission of the post-secondary institution, staff development, and community participation.

GSLL 6218

Lifelong Learning in International Contexts 0.5 unit

A consideration of the major learning opportunities and challenges faced by theorists and practitioners in studies of lifelong learning in international contexts and an examination of selected exemplary lifelong learning projects in various regions of the world.

GSLL 6219

Lifespan Development 0.5 unit

A consideration of human development as it transpires throughout the lifespan. This course examines the particular learning challenges that confront adults at different stages and transition points in the lifespan. Particular attention is paid to women's developmental process.

GSLL 6220

Policy Issues in Lifelong Learning 0.5 unit

An overview of the analytical frameworks for the study of policy as it impacts lifelong learning and an examination of selected policy issues (for example, training and retraining the Canadian labour force, literacy, higher education).

GSLL 6221

Designing Contexts for Lifelong Learning 0.5 unit

A survey of several models (humanist, technical, critical) for designing contexts to support the lifelong learning of adults in a variety of settings. Particular attention is paid to the ways lifelong learning contexts are the outcome of complex and ongoing processes of negotiation.

GSLL 6222

Social Issues and Lifelong Learning 0.5 unit

A consideration of the ways lifelong learning is inextricably bound up with the social issues any society faces at any point in time. An examination of selected social issues confronting Canadians such as unemployment and retraining, technology, eco-degradation, racism, etc. for their implications for lifelong learning and educational practice.

GSLL 6223

Feminists Perspectives in Lifelong Learning 0.5 unit

This course explores a range of feminist theories and research in relation to lifelong learning.

GSLL 6256

Special Topics in Lifelong Learning 0.5 unit

GSLL 6257

Special Topics in Lifelong Learning 0.5 unit

GSLL 6258

Special Topics in Lifelong Learning 1.0 unit

An opportunity to study in greater depth a topic in studies in lifelong learning that is treated more briefly in another graduate course or a related topic that is not covered in another graduate course.

GSLL 6290

Practicum in Studies in Lifelong Learning 1.0 unit

An application for learning within an experiential context where students can develop skills and test theories. In consultation with the instructor, students develop and implement an appropriate practicum placement. Each practicum involves a complex learning environment requiring intensive engagement and interaction. Students commit approximately 150 hours to their practicum.

School Psychology (GSPY)

General Information

The Master of Arts program in School Psychology is a speciality program which prepares students to enter the profession of school psychology. The program is designed to address the academic, research and professional practice requirements for certification as a psychologist in provinces/territories where master's level preparation is permitted. As well, the program is designed to enable participants to move to PhD level programs.

The two year full-time program balances research, theory and practice. It follows a holistic approach to children, youth, and young adults as key collaborators, along with their

parents/guardians and other professionals, in addressing their individual strengths and needs within the context of home, school and community.

Admission Requirements

1. Undergraduate degree in psychology, preferably an honours degree in psychology or equivalent. In addition, a degree in education is preferred and considered necessary in some provinces in order to work in the schools. A high academic standing (normally a minimum of B+ (GPA 3.3)) is expected.
2. Related work/volunteer experience.
3. Three letters of reference attesting to academic and work experiences, and personal characteristics.
4. Prior to admission the most promising applicants may be interviewed to evaluate their understanding of and motivation for entry into the field of school psychology.

Note to applicants regarding the psychology and education registration/licensing/certification requirements:

Applicants to the program should be aware that registration, licensing, and certification requirements vary in each province/territory. Furthermore, some provinces do not permit school psychologists to work in the schools without an undergraduate degree in education in addition to their preparation in psychology. Applicants are advised to consult with the provincial/territorial Board of Examiners in Psychology and Teacher Certification Departments to determine specific requirements.

Entrants to the graduate program in school psychology should be aware that while it is their responsibility to check with individual Boards of Examiners in Psychology regarding registration requirements and with individual teacher certification bodies regarding certification, normally the following themes should be addressed as a part of their undergraduate degree with a major or honours in psychology with a minimum of 1.0 unit of coursework in the biological basis of behaviour, cognition, development, social, psychopathology and research.

Master of Arts in School Psychology

Note: As part of its continuous review process, the MASP program updates program requirements to meet changing demands of the profession and registration requirements. Student programs will be devised in accordance with current requirements and may vary from the listed courses.

Research Master of Arts (GREA)

General Information

The Research Master of Arts degree is intended for those who wish to pursue specialized scholarly study under the supervision of a full-time faculty member of the Faculty of Education. The degree can be taken in connection with any of the graduate program areas offered by the Faculty of Education; the focus of the degree is research. The degree requires a minimum of 5.0 units. Coursework will vary according to the background of the student. The thesis can count for a minimum of 1.0 unit and a maximum of 5.0 units.

Admission Requirements

Students must meet the admission requirements specified for the Master of Arts in Education for the program area in which they wish to study. Applicants must demonstrate an appropriate academic background in the area of research proposed and sufficient research experience to enable them to undertake a major independent research project. Interested applicants should consult with a faculty advisor or the Director of Graduate Education, Faculty of Education.

Applicants must complete the Supplemental Application Form for applicants to the Master of Arts Research available from the Graduate Admissions Officer in the Admissions Office and online. The supplemental application must be signed by the Director of Graduate Education, Faculty of Education, who must confirm that the applicant is qualified for admission, that a supervisor with appropriate expertise has agreed to supervise the work and that the resources necessary for the research are available. The program of study must be approved by the Graduate Studies Program and Policy Committee.

Program Requirements

Students registered in the Research Master of Arts degree must complete the program of study that was approved in the admission process. This would include a thesis based on research and writing that embodies the results of an original inquiry in education that has been defended at a formal, public, oral examination. Students must register for GREA 6930 MA (Research) Thesis. Coursework plus thesis must total no less than 5.0 units.

Courses

GREA 6930

MA (Research) Thesis

This will be required for completion of all Research Master of Arts degrees. Upon agreement of the Faculty of Education and the Graduate Studies Committee this course will carry no less than 1.0 unit and no more than 5.0 units toward the Research MA.

Family Studies and Gerontology (GFSG)

Chair

Áine Humble, BSc, MSc (Alberta), PhD (Oregon State),
Associate Professor

Admission Requirements

Students will normally have completed a four-year baccalaureate degree from an accredited university in a social science area (e.g., psychology, sociology, family studies, gerontology, child and youth study, social work, education) with a minimum of a B average (GPA 3.0). Undergraduate courses in statistics, research methods and at least five courses (2.5 units) in family studies or gerontology are required by all applicants. Where there are deficiencies, students may be required to complete additional undergraduate and/or graduate coursework and obtain a minimum of B in these courses prior to acceptance.

Applicants must complete the Graduate Studies Application Package available online at msvu.ca/applyonline or from the Admissions Office by **February 15** for fall admission or by **November 2** for winter admission. Applicants are required to submit a sample of writing that demonstrates their research potential as a graduate student in the Department of Family Studies and Gerontology.

Depending on the field of interest, students may take up to 0.5 unit of graduate coursework in other graduate programs at the Mount (e.g., Child and Youth Study, Education, Applied Human Nutrition, Women and Gender Studies) or from other universities (e.g., Dalhousie University's programs in Health Administration, Community Health and Epidemiology or Social Work).

Elective courses should be selected in consultation with the graduate studies advisor in accordance with the student's field of interest. Selected courses may be completed via distance learning.

Courses

GFSG 6606

Research Methods

0.5 unit

An examination of the elements of the research process. Emphasis will be given to various methodologies that are used for research in family studies and gerontology, and attention will be given to the philosophies underlying quantitative and qualitative research methodologies.

GFSG 6609

Fundamentals of Social Gerontology

0.5 unit

An examination of theoretical perspectives affecting individual and societal aging and an overview of contemporary issues affecting older adults. Students will analyze scholarly literature on family relationships, economic security, retirement, health and other issues of specific interest to class registrants.

GFSG 6610

Family Life Education

0.5 unit

An examination of the theoretical principles and methodological approaches employed in planning and implementing family life education programs within the variety of disciplines focusing on families and individuals across the life course. Students will have the opportunity to reflect upon the philosophies underpinning their practice. A critical perspective will be employed.

GFSG 6611

Aging, Health and Community

0.5 unit

An examination of issues regarding individual, community and population health and aging. Health promotion, chronic disease management and social determinants affecting physical and mental health of older people are considered. Policies and practices to improve health outcomes of older populations are evaluated.

GFSG 6612

Family Relations Across the Life Course

0.5 unit

An examination of social and psychological factors affecting contemporary family life with particular emphasis on roles, dynamics, and pathways across the life course. Students will analyze scholarly literature as a foundation for critique of interactional and societal dynamics.

GFSG 6613

Critical Theories in Family Studies and Gerontology

0.5 unit

An advanced theory course designed to develop analytical skills and critical thinking. The focus is on current social scientific theories and their implications for family studies and gerontology.

GFSG 6614

Family Violence Across the Life Course

0.5 unit

An analysis of family violence across the life course, covering intimate partner violence, child abuse, sibling, parent, and adolescent violence, and the abuse of older adults. Theoretical and practical perspectives will be developed through the course. An understanding of family violence from a critical ecological perspective will serve as a recurring theme throughout all discussions and analysis. *Note: Students who have received credit for FSGN 3314 may not take this course for credit.*

GFSG 6615

Program Planning: Implementation and Evaluation

0.5 unit

A study of the philosophy, concepts and practices of planning and implementing a range of programs related to family studies and gerontology. Development of a rationale for program planning, identification of socio-economic influences and characteristics of learners, selection of content and process, organization of program implementation, and evaluation of outcomes will be studied.

GFSG 6633

Social Policies on Family and Aging

0.5 unit

This is an advanced course in the analysis and development of social policies relating to the family and the elderly. The focus is on how policy is developed, the relationship between research and policy, and how to critically analyze existing policies.

GFSG 6650

Special Topics

0.5 unit

These courses are designed to allow students to study in greater depth a topic in family studies and gerontology that is treated only briefly in another graduate course or not covered in another graduate course. *Note: No more than 0.5 unit towards a graduate degree may be acquired through special topics.*

GFSG 6658

Independent Study

0.5 unit

Prerequisites: permission of the department Chair and the faculty member involved

Independent examination of the research literature designed to meet the special needs of individual graduate students. The graduate student will make arrangements with the faculty member in advance of registration. *Note: No more than 0.5 unit towards a graduate degree may be acquired through independent study.*

GFSG 6691

Thesis

1.5 units

Required for completion of the MA(FSG) degree. Registration involves working with individual faculty members on the conceptualization, production, and defence of the thesis.

Public Relations (GPRL)

Prerequisites: MATH 2208 or equivalent and admission to the MA(Communication), MPR or permission of the instructor

An examination of the methods, problems and theoretical assumptions in qualitative and quantitative social science research as it applies to Public Relations. Students will consider the relationships between theory and method, and will gain experience by applying research methods.

GPRL 6102

Communication Theory

0.5 unit

Prerequisites: admission to the MA(Communication), MPR or permission of the instructor

An examination of human relationships as a function of discourse and more generally symbolic action.

GPRL 6103

Advanced Study in Communication Theory

0.5 unit

Prerequisites: GPRL 6102 or permission of the instructor

Advanced study of specific areas of communication theory, for example: critical theory, semiotics, classical rhetorical theory, 20th century rhetorical theory, contemporary communication and public relations theory.

GPRL 6104

Organizational Theory & Public Relations Leadership

0.5 unit

Prerequisites: admission to the MA(Communication), MPR or permission of the instructor

Advanced study of specific areas of communication theory related to organizational theory and management. Topics may include: historical and contemporary issues in organizational communication scholarship; theories of organizational and management process; the impact of technology on organization and management process; and internal and external corporate rhetoric, and ethics.

GPRL 6105

Media, Culture & Society

0.5 unit

Prerequisites: Either GPRL 6102 or 6104, or permission of the instructor

An explanation of the relationship between media, culture and society, and how the interconnectedness of those spheres affects the citizen in a democratic environment.

GPRL 6106
Public Relations Ethics and Law 0.5 unit
Prerequisites: admission to the MA(Communication), MPR or permission of the instructor
 An examination of ethical problems in Public Relations and ethical frameworks for Public Relations. This course addresses the regulatory and statutory laws that relate to Public Relations practice including copyright, libel, privilege, trademark, contracts, corporate governance and privacy.

GPRL 6107
Graduate Seminar in Public Relations Education 0.5 unit
Prerequisites: admission to the MA(Communication), MPR or permission of the instructor
 A survey of educational approaches for the practice of Public Relations through the past century throughout North America and other parts of the world including the United Kingdom, Australia and New Zealand. Pedagogical approaches to teaching Public Relations at the certificate, diploma, and undergraduate level will be examined.

GPRL 6108
Public Relations and Public Opinion Research 0.5 unit
Prerequisites: admission to the MA(Communication), MPR or permission of the instructor
 An exploration of the nature, formation and communication of attitudes and opinion. The roles of persuasion and propaganda in Public Relations practice are also explored, as is the influence public opinion has on media content and on public policy.

GPRL 6201
Independent Study 0.5 unit
Prerequisites: admission to the MA(Communication), MPR or permission of the instructor
 An independent examination of the research literature designed to meet the needs of individual graduate students. This course provides students with an opportunity to pursue independent work in a specific area relating to their research interests and career intentions.

GPRL 6202
Special Topics in Public Relations 0.5 unit

GPRL 6203
Special Topics in Public Relations 0.5 unit
Prerequisites: admission to the MA(Communication), MPR or permission of the instructor
 An opportunity for advanced students to examine in-depth selected topics in Public Relations, in a seminar setting. Topics will vary from year to year. This course will allow students to focus on a specialized area of the field that may be treated more briefly in other courses.

GPRL 6220
Project Seminar 0.5 unit
Prerequisites: GPRL 6101 and either GPRL 6102 or 6104. This course must be taken in a student's final term prior to graduation.
 The project entails a sustained exploration of theory, research and practice. Students will be expected to reflect upon their learning throughout the degree to link theoretical and research ideas to existing practical contexts. Each project will be designed by the individual student in consultation with the faculty member. *Note: This course may not count for credit towards the MA(Communication).*

GPRL 6230
Thesis 1.0 unit
Prerequisite: All required MA(Communication) courses must be successfully completed prior to registering in this course. Required for completion of MA(Communication) degree.
 Registration involves working with individual faculty members on the conceptualization, production and defence of the thesis.

GPRL 6511/ COMM 4511
Health Communication: Theory & Practice 0.5 unit
Prerequisites: PBRL 3014 or COMM 4500 or admission to the MPR or MA(Communication) program or permission of the instructor
 An examination of health communication theory and practice at the level of public communication. Topics include an examination of health in Canadian society, health communication models, health communication campaign planning, evaluation of outcomes of social marketing and other approaches to behaviour change, and relevant ethical considerations.

Women and Gender Studies (GWGS)

Mount Saint Vincent University Coordinator

Alan Brown, BA (San Francisco State), MA (New Orleans),
PhD (California), Assistant Professor

General Information

The Masters of Arts in Women and Gender Studies is awarded jointly by Mount Saint Vincent University and Saint Mary's University in Halifax, Nova Scotia, Canada. This dynamic program emphasizes the interdisciplinary basis of Women and Gender Studies, its community linkage, and its grounding in feminist theories and methodology.

The Master of Arts in Women and Gender Studies will appeal to those individuals with interests in areas that combine a feminist perspective with global issues; gender in relation to war and peace studies, cultural studies; literary studies; history; theory; research methods; health; sexuality; gender; education; social change; religion/spirituality; human rights and social justice; race and ethnicity; body image; paid and unpaid caregiving labour; family relations; media studies; creative arts; and community activism.

This program is enriched by its access to multiple library collections at universities in the metro area, by the presence of the Nancy's Chair in Women's Studies located at Mount Saint Vincent University, and by an active local women's community.

Note: This degree will be granted jointly. Students must, therefore, satisfy the regulations of both participating universities regarding pass standards for coursework and time limits for completion. The student will receive the degree at the convocation of the University of registration.

Admission Requirements

Students will be admitted by the joint Graduate Admissions and Program Committee (GAPC) for the Master of Arts in Women and Gender Studies.

To be admitted into the 5.0 unit program, applicants will normally be expected to have a four-year Bachelor of Arts degree with a minimum B average (GPA 3.0) or equivalent. Students who do not meet these criteria might be admitted with the requirement to complete a qualifying year or additional courses.

Upon admission, each student will be assigned an advisor by the Graduate Admissions and Program Committee. This advisor will normally be a faculty member at the University to which the student is admitted. Applications, including all letters of reference, transcripts and other required information, will be accepted up to **April 1**. Applications for scholarship consideration will be accepted up to **January 31**.

Enrolment is limited and is based on the availability of Women and Gender Studies faculty to supervise a student's proposed area of research.

Application packages are available online at msvu.ca/applyonline or from the Admissions Office.

Master of Arts in Women and Gender Studies

The Joint Masters of Arts in Women and Gender Studies requires the completion of 3.0 units of coursework plus a 2.0 unit thesis.

Program Requirements

□ GWGS 6601/SMU WGST 6601	0.5 unit
□ GWGS 6602/SMU WGST 6602	0.5 unit
□ GWGS 6603/SMU WGST 6603	0.5 unit
□ GWGS 6699*	2.0 units
□ 0.5 unit of elective in Theory or Method**	0.5 unit
□ 1.0 unit of free electives***	1.0 unit

*Thesis (2.0 units)

The thesis requires a proposal, will demonstrate research and communications skills, and will be defended to fulfill the requirements. The thesis must meet the specifications set by the student's home university.

**Elective in Theory/Method (0.5 unit)

Each student will take a 0.5 unit course in advanced theory or methods at the graduate level appropriate to the area of research. Normally, this course will be selected from those already offered at the graduate level within other programs at local universities. Admission to these courses will be with the permission of the instructor in consultation with the student's advisor.

***Free Elective (1.0 unit)

Chosen in consultation with the student's advisor, this could include an independent study, or an appropriate graduate course in another department.

In consultation with the Graduate Women and Gender Studies Program Coordinator, electives and independent study courses are chosen to support a student's special area of interest and may be selected from courses and faculty available at Mount Saint Vincent University, Saint Mary's University, and other universities such as Dalhousie University and Nova Scotia College of Art and Design.

Time Frame

Students may choose between full- or part-time status. Graduate students have five years to complete all degree requirements. Students must register in a minimum of 1.0 unit per year.

Registering for GWGS Courses Offered at Saint Mary's University

Mount Saint Vincent University Graduate Women and Gender Studies students can register for all courses cross-listed with Saint Mary's University (WGST) at the Mount even if the course is scheduled to be taught at Saint Mary's University in a given year unless otherwise noted below.

Courses

GWGS 6330/CULS 3330/WOMS 3330

Canadian Women Film Directors 0.5 unit

A study of Canadian Women Film Directors' contribution to narrative, documentary, experimental filmmaking and animation. Diverse directional styles and subject matter will be discussed in the context of sociohistorical changes that they reflect or resist. Readings will challenge dominant mainstream representation from various feminist perspectives and suggest alternate reception strategies. (Also listed under Canadian Studies)

GWGS 6601
Feminist Theory 0.5 unit
 An in-depth study of feminist theory, emphasizing theoretical development over time and common assumptions and debates among feminist scholars. *(Also listed as SMU WGST 6601)*

GWGS 6602
Feminist Methodology 0.5 unit
 An examination of feminist critiques and strategies around knowledge and research methodologies. It explores historical and contemporary debates on important research issues. *(Also listed as SMU WGST 6602)*

GWGS 6603
Graduate Seminar 0.5 unit
 The graduate seminar is a forum for discussing student research proposals and for integrating insights and material from other venues. In the seminar, we work from an interdisciplinary perspective as we bring together issues related to feminist theory, methodology, and praxis. *(Also listed as SMU WGST 6603)*

GWGS 6604
Community Based Learning 0.5 unit
 In this course, students will be required to engage in field-based learning which will be community based and developed in the context of each student's interests and needs. Students will explore the theoretical, methodological and practical implications of their field-based experiences. *Note: Students who received credit for GWGS 6603 prior to September 2002 may not take this course for credit.*

GWGS 6607/ENGL 4407/WOMS 4407

General Information

The website for the inter-university doctoral program is
www.educationphd.ns.ca

The PhD in Educational Studies is offered in a collaborative partnership with Mount Saint Vincent University, Acadia University and St. Francis Xavier University. The research-oriented doctoral program is jointly administrated by the Inter-University Doctoral Administrative Committee (IDAC). Applicants are admitted to one university and graduate from that Home Institution of Record.

Educational studies assume that education is a complex process that transpires in multiple contexts, takes many institutional forms, and is best understood from a wide range of disciplinary perspectives (natural, social, and human sciences). Doctoral students conduct advanced educational research, enabling them to participate in and influence contemporary academic research and policy discourses. They intellectually engage with complex educational issues in preparation to assume leadership roles related to education in Nova Scotia, and elsewhere.

Doctoral students can focus their studies on one or more of six interrelated themes: curriculum studies, educational foundations and leadership, inclusive education, lifelong learning, literacies, and the psychological aspects of education. These themes reflect current faculty research strengths and ongoing educational studies issues. Doctoral students who are teachers may concurrently anchor their studies in their 'teachable subjects'. Applicants are encouraged to review the research interests of education faculty members at all three participating universities, available at their respective websites, as well as the research interests of other faculty members.

Admission Requirements

Note: An average of 14 students will be admitted each year: 6 at the Mount, 4 at St. F.X. and 4 at Acadia. Normally, the IDAC will use a competitive admissions policy, but it will consider applicants on a case-by-case basis and waive the fixed application date, if deemed warranted and if space is available in the program for that year.

- A Master degree from a recognized university in education or in a related field of study (a cognate discipline);
- Normally, a graduate thesis in a field related to their doctoral studies. Those applicants who have not completed a thesis are required to submit evidence of their ability to undertake research in education through the

completion of a qualifying research paper of sufficient depth and scope to reflect their research competence (details at the PhD website);

- Evidence of scholarly preparation to conduct research, normally including graduate level courses in quantitative and/or qualitative research methods and design;
- Three letters of reference, normally including two academic and one professional;
- A recent curriculum vitae indicating current initiatives in education and any academic, scholarly work to date;
- A letter of intent indicating a proposed area of study from among the six interrelated themes of educational studies;
- A minimum of A- or 80% average in his or her highest degree; and,
- An interview with a selection committee that is a subcommittee of the IDAC.

Note: Qualified applicants will only be admitted if a suitable supervisor and program can be provided.

Note: English Language Proficiency - to achieve success in this doctoral program, applicants must demonstrate strong reading, writing and comprehension skills in the English language.

Application Process and Deadlines

Note: The Doctoral Program Application Package is available from the Doctoral Program Office in the Faculty of Education and online at the inter-university PhD website at www.educationphd.ns.ca.

- Applicants apply for their institution of choice (the Mount, Acadia or St. F. X.) through the Doctoral Program Office by **November 15th** for July 1st entry;
- The IDAC will review all applications and, by majority agreement, recommend acceptance of applicants to the participating institutions;
- For any applicants recommended to the Mount, the Doctoral Program Coordinator will assign an appropriate pro tem (research) advisor;
- The Mount Admissions Office will inform the applicant, in writing after March 1, regarding the decision of the IDAC. The Mount becomes the Institution of Record for all doctoral students formally admitted to the Mount;
- In addition to specific doctoral program requirements and regulations set out at the PhD website, Mount students are bound by the regulations and procedures pertaining to graduate studies at the Mount;
- Each pro tem advisor (dissertation supervisor) will arrange for an entry meeting for his/her student(s) to develop a preliminary plan of study and an initial outline of the proposed research area. This preliminary research plan will be submitted in writing to the IDAC for approval (within a time frame specified by the IDAC), through the Doctoral Program Coordinator. Normally, this research plan is completed before the July 1st start date.

Residency and Period of Study

Students must complete 4.0 units of coursework (GEDU 9001-9005, 9010) by undertaking full-time studies during four consecutive semesters (14 month residency). Candidates who have defended their comprehensive portfolio may choose to attend on a part-time basis while completing their proposal and dissertation. They must defend their dissertation within three years after the comprehensive examination, but

no later than six years after entering the doctoral program, unless an extension has been granted. Students must register in a minimum of 1.0 unit per year.

Program Requirements

Note: Students take GEDU 9001 and 9002 on site in July at one of the three universities. The site for these two courses will rotate amongst the three universities from year-to-year. Students complete GEDU 9010 and 9100 with their dissertation advisor and their committee at their Home Institution of Record. The remaining courses are delivered using an e-learning platform.

Note: In some instances, doctoral students may arrange to enrol in an existing topic-related Master level course, augmented with doctoral level analysis and applications.

Note: Doctoral students have the right to take courses and seminars and use the academic facilities of any of the three participating universities in accordance with their approved plan of study.

Courses

GEDU 9001

Foundations of Educational Inquiry 0.5 unit
Co-requisite: GEDU 9001 is a co-requisite of GEDU 9002 and is a prerequisite for the remaining courses in the program.
 An examination of the purpose, process, nature and ideals of education. Students engage with enduring educational philosophical and theoretical traditions and perspectives, the history of educational thought and the philosophy of education, in particular. A variety of foundational perspectives provide deeper understandings of the theoretical and methodological underpinnings of education.

GEDU 9002

Methodological Perspectives on Educational Research 0.5 unit
Co-requisite: GEDU 9002 is a co-requisite of GEDU 9001 and is a prerequisite for the remaining courses in the program.
 An examination of the import of methodological paradigms in educational research (building on the foundations of educational inquiry). Students investigate: (a) ontological assumptions; (b) epistemological views; (c) the role of logic, sound evidence and justified beliefs; (d) axiology (values and

biases); and, (e) rhetorical (research reporting structures) components of educational inquiry.

GEDU 9003

Doctoral Seminar:

Contemporary Educational Theory 0.5 unit
Prerequisites: GEDU 9001 and GEDU 9002. GEDU 9004 is a co-requisite of GEDU 9003.

An exploration of how educational philosophy, research paradigms and theories are manifested in contemporary educational research debates and dialogues. Through an intensive examination of a range of theories that inform studies in education, students gain an advanced and comprehensive understanding of contemporary educational theory within the Canadian and international contexts.

GEDU 9004

Focused Educational Studies 0.5 unit
Prerequisites: GEDU 9001 and GEDU 9002. GEDU 9003 is a co-requisite of GEDU 9004.

A focused exploration of research topics reflective of the current roster of doctoral students. In a seminar setting, individual students study the research and theoretical literature in the educational area(s) that background and inform their research interest(s).

GEDU 9005

Advanced Research Seminar: Focus on Methods 0.5 unit
Prerequisites: GEDU 9001 and GEDU 9002

Students gain detailed knowledge and technical expertise related to methods appropriate to their research question(s), aligned with philosophical and methodological orientations. Issues related to research design process are addressed, as they differ from method to method.

GEDU 9006

Special Topics Educational Studies 0.5 unit
 GEDU 9007

Special Topics Educational Studies 0.5 unit
Prerequisites: GEDU 9001 and GEDU 9002

An exploration of a selected topic in educational studies to provide students with detailed knowledge and further preparation for advanced research.

GEDU 9008

Independent Study 0.5 unit
 GEDU 9009

Independent Study 0.5 unit
Prerequisites: GEDU 9001 and GEDU 9002

An Independent Study related to topics in educational studies. The curriculum for this course will be determined by the supervisor of the course in consultation with the student and other faculty members, as necessary.

GEDU 9010

Comprehensive Examination: Research/Scholarly Portfolio 1.5 units
Co-requisites: Students complete the first five required 2.5 units (GEDU 9001, 9002, 9003, 9004 and 9005) and any additional special topics (GEDU 9006, 2007) and/or independent studies (GEDU 9008, 2009) while generating the contents of their portfolio.

Develop and orally defend an extensive scholarly portfolio demonstrating sufficient breadth, depth, creativity and engagement to undertake substantive research in the field. Comprising 10-15 artifacts, students will demonstrate knowledge and competence in each of five areas: general, in-

depth, research, professional and collegial, and teaching and instruction. Graded Pass/Fail.

GEDU 9100

Dissertation

3.0 units

Prerequisites: successful completion of all coursework and successful completion of GEDU 9010.

Dissertation must constitute a substantial and original contribution to the study of education. To complete this course, students must prepare a research proposal for approval by an appropriate faculty dissertation committee, complete the proposed study, and publicly defend the completed draft in a final oral examination. Graded Pass/Fail.

Distance Learning

The Mount's innovative distance learning program provides flexible access to programs and courses for students in Halifax, across the region and around the world. Students enrolled at other universities also take advantage of this program to take electives or specialized courses towards completion of their degrees.

Courses are delivered using an online course management system and a variety of media and technologies including real-time virtual classrooms. Ten undergraduate programs and four graduate degrees can be completed through distance learning, and more than 275 courses are offered each year.

The following graduate programs can be taken entirely through distance learning, unless noted:

- Master of Public Relations
- Master of Arts in Communications
- Master of Education (Education of the Blind or Visually Impaired) - with some residency
- Master of Education (Education of the Deaf or Hard of Hearing) - with some residency

Certain courses are also available at a distance in other Education programs (e.g. Curriculum Studies) and in the Master of Arts in Family Studies and Gerontology program.

All relevant information including all distance courses available each term is online at **msvu.ca/distance**. For assistance, contact Distance Learning and Continuing Education by telephone at (902) 457-6511 or 1-800-665-3838, fax at (902) 443-2135 or e-mail at distance@msvu.ca.
