

How to reset your Career Connects password:

1. Click on the “login now” button.
2. Click on “Employer” from the list of user types.
3. Click on “Forgot your password? Click here to reset” to reset your password.
4. Enter your email address in the “Your Login ID” field. Your email address will be your user name for Career Connects.
5. Click on “Email Reset Code”.
6. The reset code will be sent to your email account. It may take up to 5 minutes to receive the email with the reset code.
7. Complete the required fields in “step 2” to create your own password and complete the process by checking the box next to “I’m not a robot”.
8. You should now be able to log into Career Connects using your email address and your new password.
