# Some App Features

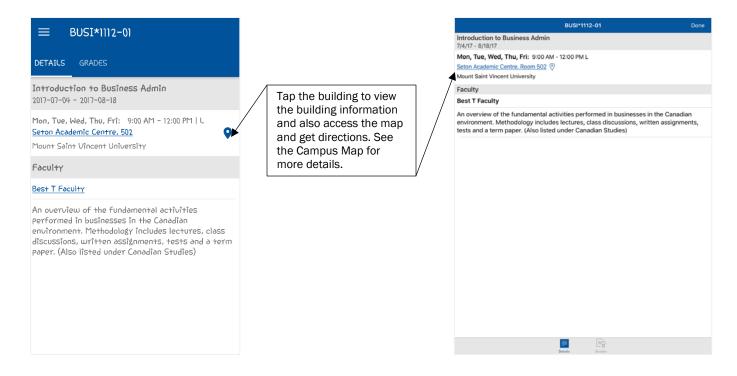

# My Schedule

This feature opens to the Daily Schedule calendar, which displays the current date and all courses you have on that date in time blocks. Note: If your device is set to a time zone other than the Atlantic Time Zone, your classes will appear in the time blocks for the Atlantic Zone and not your specific zone.

The Full Schedule lists all of your currently registered courses by term.

Faculty Note: If you are taking courses and teaching courses, you will see both in your schedule.

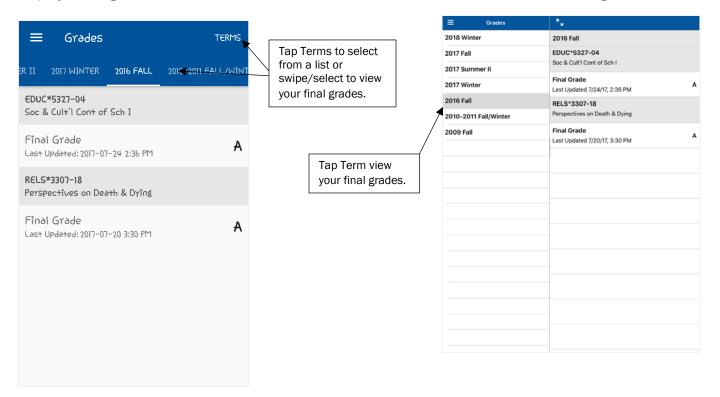

**Faculty Note:** You will also see **Roster** from this view so you can review your class list. For Apple users do not click the names in the list, as it will cause the app to close.

#### Grades

Displays final grades, when entered. Note: 'No Grades Recorded' will display until the final grade is submitted.

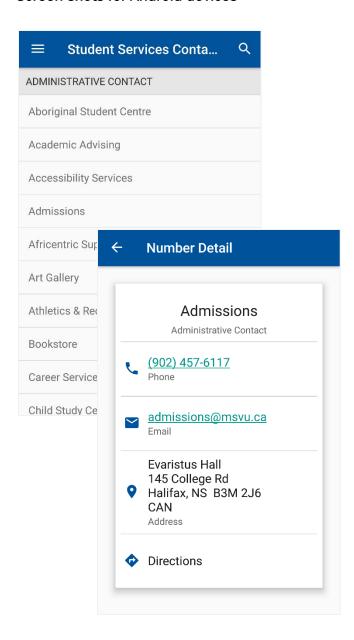

Note: If you have a financial hold on your account, you will see the message on the right and you will not be able to see any of your grades. Please seek assistance from Financial Services.
