

DEPARTMENT OF MODERN LANGUAGES

BEEd Elementary/Secondary: Addition of an Early, Conditional Admission Route with BA in French

Decisions regarding admissibility are based on the following evidence provided by the applicant.

- Mount undergraduate students in a BA program involving studies in French are eligible to apply for an early, conditional acceptance into the Bachelor of Education program if they have successfully completed 5.0 units of coursework and are enrolled in French courses at the 2000 level or higher.
- Final acceptance would be conditional upon the student meeting the basic admissibility requirements and completing a BA with a minimum of 6.0 units of French. (Same requirement as Combined Major in French)

Eligible students are encouraged to contact the **Chair of Modern Languages** or the **Director of Teacher Education** for details on early, conditional admission into the Bachelor of Education program.
