Paula Richardson

Paula Richardson is the Research Manager at the Nova Scotia Centre on Aging for the Seniors – Adding Life to Years (SALTY) project. As SALTY Project Manager, she is responsible for the overall administration and management of this large multi-disciplinary, multi-sectoral study examining quality of life for late life in residential long term care across Nova Scotia, Ontario, Alberta and British Columbia.

Paula received her Master of Science degree in Community Health and Epidemiology from Queen's University and brings over 15 years of experience managing large, national and multi-national clinical trials for the Canadian Cancer Trials Group.
