

Glossary of Terms

AAU [Association of Atlantic Universities](#) (AAU) is a voluntary association of the 16 universities in the Atlantic region and in the West Indies which offer programmes leading to a degree or have degree-granting status.

The AAU represents the interests of universities across the region, ensuring public visibility for the important role they play in preparing future leaders of our communities, in path-breaking research and innovation, and in contributing to the economic prosperity of life in Atlantic Canada. The AAU also provides a forum where university executive heads reflect, consult and collaborate on all aspects of the whole university; define common objectives and positions; develop strategies to promote, collectively and co-operatively, the highest ideals of post-secondary education; and exercise leadership to promote the objectives of the collective. One of the fundamental roles of our association is to create greater awareness and understanding of the important contribution of universities to the social and economic development of the Atlantic Provinces.

Academic Year The academic year at the Mount runs September to August (September to May and two (2) summer sessions that run May to August)

ACU [Association of Commonwealth Universities](#) is a global network of universities with a shared commitment to building a better world through international collaboration in higher education. As the world's first and oldest international university network, they have been bringing universities together from across the Commonwealth for more than 100 years.

They have extensive experience of co-designing and delivering programmes that help their members to develop their capacity for education, research and innovation. They build enduring international connections and understanding between individuals, institutions, and nations. As well, they provide an influential voice for universities in international policy forums and work to ensure that their members' needs are at the forefront of education policy and decision-making. Through their networks and communities, they leverage the strengths of a global network to support on strategic priority areas and share expertise and resources.

AIF The [Atlantic Innovation Fund](#) (AIF) helps researchers and innovative businesses team up to develop new products and services and put them on the market.

Bicameral Two governing bodies. At the Mount, the bicameral structure consists of the **MSVU Board of Governors**, responsible for overall management of the university, with particular responsibility for property, revenues and finance, and the **MSVU Senate**, responsible for overseeing the academic and research policies and activities of the university.
