All Bachelor of Arts and Bachelor of Science internship students are required to attend Professional Development (PD) workshops and events to prepare them for the internship program and the job competition process. All internship students must attend the Resumes PD Workshop scheduled for mid-October in 2021. The Co-op Office will notify you when it is time to register for this workshop. (Internship students will have conditional acceptance into the internship program prior to the first PD workshop.)

All students admitted into the Bachelor of Arts and Bachelor of Science internship program will be required to attend the professional development event in January 2022 which will include: "Introduction to Co-op/Internship", "Cover Letters", "Interviews" and "Understanding the Workplace".

To be eligible to apply for the internship program, you must have an overall GPA of 3.0 or higher and be registered as a full-time student in both the fall 2021 and winter 2022 semesters (at least 1.5 units of course work). In addition, you must have completed between 10-12 units of course work prior to applying for the internship program in September 2021.

The internship is valued at one unit of credit. The unit earned will not replace any other courses required in the Bachelor of Arts or Bachelor of Science program. The internship also has a tuition fee valued at one unit.
