

Mitacs Accelerate: what to expect

POST-SUBMISSION PROCESS

¹ Reference Number

Your reference number will take the format **IT#####**. Use it in any communications with us to help us serve you faster.

² We invoice early!

Don't be surprised to get your invoice before your project is approved. This allows us to ensure your project is ready to run as soon as it gets review outcome. Mitacs is only able to release funds after receiving the partner organization's contribution.

³ Outcome/ Requires Revisions

If the application doesn't pass on first review, we often give applicants the chance to strengthen their proposals based on reviewer feedback.

Your vision, your project

Mitacs provides funds to help you bring your project to life. It is not involved in the execution of the project itself or the final product.

We value your feedback

You'll be invited to complete a Mitacs survey to give feedback on how we could enhance your experience.
