The Direct Loan Program offers these types of loans for full time undergraduate and graduate students. Loan types offered are:

Subsidized: for students with demonstrated financial need, as determined by federal regulations. No interest is charged while a student is in school full time, during the grace period, and during deferment periods.

Unsubsidized: not based on financial need; interest is charged during all periods, including while in school and within the grace period.

PLUS: unsubsidized loans for the parents of dependent students and for graduate/professional students. Interest is charged during all periods. Graduate students must exhaust unsubsidized loan amounts before they are eligible to apply for a PLUS loan.

IMPORTANT – Please read before applying:

- 1) **Federal Pell Grants and Work Study** are NOT available in Canada.
- 2) Taking ANY **distance/online** class makes you INELIGIBLE for all Federal Loan funding.
- 3) **First time loan borrowers** have to attend classes for 30 days BEFORE any funds can be released; ensure to have enough money to cover your first 6-8 weeks of school!

Loans are calculated by the school and use this calculation:

Cost of attendance – Expected Family Contribution – Other Financial Assistance = Loan amount
Note: loan amounts cannot exceed the total cost of attendance
