The Invisible No More Project is co-led by women Veterans working with Dr. Maya Eichler at Mount Saint Vincent University. It is a three-year project funded by Veterans Affairs Canada, the Department of National Defence, and the Social Sciences and Humanities Research Council of Canada.

At this webinar, you will hear about:

- what the Invisible No More Project is
- what the project is doing now
- what happens next
- how women Veterans and others can take part

Who should attend:

- Canadian women Veterans, including former CAF and RCMP members
- others with a clear interest in the project

This event will be in webinar format. Participants will not be visible to each other. Names, cameras, and microphones will not be shared with the full group. Questions will be seen only by the webinar coordinators. This is to support privacy and make it easier for people to take part.

When registering, participants will be invited to send in questions ahead of time and share what they hope to learn from the webinar.
